SECTION 17. No signs, billboards, posters or similar devices shall be erected, displayed or mounted in view of the general public or about the parking facility without the prior written approval of the Commissioner and any such signs, billboards, posters or similar devices not approved by him may be removed by the City at the expense of the Operator. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

SECTION 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 9 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 9, which shall apply to the year covered by this contract (1967), is hereby stated at $300,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 9, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $12,000, being 4%of a stipulated Basic Gross Revenue Level of $300,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $300,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 1019] of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 9 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $147,641. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs

and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $12,303, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 1020] of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 9 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $300,000 (or a Monthly basis of $25,000) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $330,000 (or on an adjusted Monthly basis of $27,500).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 9 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $12,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($300,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 9 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $350,000 and the Basic Gross Revenue Level is $300,000 (as stipulated), additional fees would apply to "blocks" of $25,000.00 each) to an aggregate amount of $50,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $385,000 and $330,000, and additional fees would apply to an aggregate amount of $55,000.

Effect of Increase in Parking Rates on Basic and Additional Fees—Limiting Provision

It is hereby stipulated that the provisions above, dealing with additional compensation to the Operator in the event of an increase of parking rates at Facility No. 9, are predicated on the necessary requirement that in each case the Facility's *actual* gross revenue (stated on a yearly basis and reflecting the effect of the rate increase) will exceed the *Adjusted* Basic Gross Revenue Level.

If the actual gross of Facility No. 9 (stated on a yearly basis and reflecting the effect of the rate increase) is less than the yearly Adjusted Basic Gross Revenue Level, the Operator's Total compensation (fee) shall be limited to 4% of the actual gross revenue (which shall reflect the effect of the increase in rates).

SECTION 21. The Operator agrees to pay and discharge all costs, expenses and an amount in reimbursement for attorney's fees which shall be incurred and expended by the City in enforcing the covenants of this Agreement, whether by the institution of litigation or in taking advice of Counsel, or otherwise.

B. The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1967, and ending on the 31st day of December 1967, unless said term shall be sooner terminated as provided.

IT IS FURTHER COVENANTED AND AGREED as follows:

SECTION 1. *Definition of Terms*

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

SECTION 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 10 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 10, which shall apply to the year covered by this contract (1967), is hereby stated at $125,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 10, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $6,250, being 5% of a stipulated Basic Gross Revenue Level of $125,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $125,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 1027 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 10 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be ocmputed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $60,110. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 1028 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 10 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $125,000 (or a Monthly basis of $10,417) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $137,000 (or on an adjusted Monthly basis of $11,458).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 10 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $6,250, plus an amount that shall represent 5% of the difference between the Basic Gross Revenue Level ($125,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 10 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $175,000 and the Basic Gross Revenue Level is $125,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $50,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $192,500 and $137,500, and additional fees would apply to an aggregate amount of $55,000.

Effect of Increase in Parking Rates on Basic and Additional Fees—Limiting Provision

It is hereby stipulated that the provisions alone, dealing with additional compensation to the Operator in the event of an increase of parking rates at Facility No. 10, are predicated on the necessary requirements that in each case the Facility's *actual* gross revenue (stated on a yearly basis and reflecting the effect of the rate increase) will exceed the *Adjusted* Basic Gross Revenue Level.

If the actual gross of Facility No. 10 (stated on a yearly basis and reflecting the effect of the rate increase) is less than the yearly Adjusted Basic Gross Revenue Level, the Operator's Total compensation (fee) shall be limited to 5% of the actual gross revenue (which shall reflect the effect of the increase in rates).

Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. SECTION 21. The Operator agrees to pay and discharge all costs, expenses and an amount in reimbursement for attorney's fees which shall be incurred and expended by the City in enforcing the covenants of this Agreement, whether by the institution of litigation or in taking advice of Counsel, or otherwise.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Tribute Paid to Late Judge Walter J. La Buy.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God in His Infinite Wisdom, has called to his eternal reward Walter J. La Buy, retired Judge of the United States District Court and former Judge of the Circuit Court of Cook County, Illinois; and

WHEREAS, Judge La Buy, a descendant of Polish immigrants, was born on his father's farm near Beaver Dam, Wisconsin in 1889, and attended elementary and high schools there. In 1907 he came to Chicago to live with an uncle, Michael A. La Buy, who served here as a Justice of the Peace for 30 years. Judge La Buy was graduated from De Paul Law School and was admitted to the Illinois Bar in 1912. In 1913, he became an Assistant City Prosecutor for the City of Chicago, serving a year. A Democrat, he was elected to the Board of Commissioners of Cook County, Illinois, in 1930 and served 3 years as a Commissioner. He was elected Judge of the Circuit Court of Cook County, Illinois, in 1933 and was reelected for a term ending in 1945. In 1934, Judge La Buy was elected Chief Justice of the Circuit Court and was responsible for implementing the court's then new centralized assignment system. He was also credited with improving court procedures, including the establishment of the first pre-trial procedures in Illinois; and

WHEREAS, In 1944, Judge La Buy was appointed Judge of the United States District Court for the Northern District of Illinois by the late President Franklin D. Roosevelt. He was the first person of Polish descent ever appointed a Federal Judge here. During 23 years of service on the Federal bench, Judge La Buy presided over a number of notable trials, including anti-trust, criminal, railroad and union cases. The high point in his judicial career came in the famous du Pont de Nemours & Company-General Motors Corporation anti-trust case, which was pending 13 years before the final order was entered by Judge La Buy, resulting in du Pont's divesting itself of 3.5 billion dollars of General Motors Corporation stock. Other major cases of his were the trials of Preston Tucker, James C. Petrillo, Joseph (Joey) Glimco, Paul (The Waiter) Ricca and the Chicago taxi companies case in which he upheld Chicago's taxicab ordinance. In 1953, Judge La Buy moved the court to the home of an English war bride who had been stricken with polio to swear her in as a citizen of the United States. Although officially retired from the Federal bench in 1961, he maintained his chambers in the Federal Building and continued to hear cases on assignment until early this year; and

WHEREAS, In 1962, Judge La Buy was appointed chairman of a four-man committee of the judicial conference of the 7th Circuit Court of Appeals, charged with drafting new uniform jury instructions. The product of this judicial research is the manual known as "The La Buy Rules", which has been officially adopted by the 7th Circuit Court of Appeals and is used by federal courts throughout the nation. This is considered by many to be Judge La Buy's greatest legal accomplishment; and

WHEREAS, Judge La Buy was characterized by the Supreme Court of the United States as a "patient, experienced judge". The Chicago Bar Association praised his "diligent, courteous, fair-minded and efficient judicial work". In his long tenure of 44 years as a judge, he amply demonstrated these judicial qualities. This distinguished jurist, held both the respect and affection of the bench and bar and contributed largely to the welfare of the people of Chicago and of the entire State; now, therefore,

Be It Resolved, That the members of the City Council of the City of Chicago in meeting assembled this 4th day of October A. D. 1967, on behalf of the people of Chicago, do hereby express their deep regret at the passing of Judge Walter La Buy, and extend their heartfelt condolences to the members of his bereaved family; and

Be It Further Resolved, That a suitable copy of this memorial resolution be presented to the family of Judge Walter J. La Buy as an expression of their profound sympathy.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane the foregoing proposed resolution was *Adopted,* by yeas and nays as follows:

Yeas—Aldermen Parrillo, Harvey, Metcalfe, Holman, Rayner, Bohling, Cousins, Lupo, Buchanan, Danaher, Swinarski, Staszcuk, Burke, Krska, Sheridan, Shannon, Hines, Fitzpatrick, Campbell, Frost, Janousek, Kuta, Collins, Marzullo, Zydlo, Sain, Jambrone, Biggs, McMahon, Keane, Sulski, Sande, Laskowski, Aiello, Cullerton, Laurino, Goldberg, McCutcheon, Rosenberg, Fifielski, Kerwin, Hoellen, O'Rourke, Wigoda, Sperling—45.

Nays—None.

Monthly power plant report to Federal Power Commission (F.P.C. Form No. 4), for the month of August, 1967."

CITY COUNCIL INFORMED AS TO PUBLICATIONS OF ORDINANCES.

The City Clerk informed the City Council that all those ordinances which were passed by the City Council on September 28, 1967, and which were required by Statute to be published in book or pamphlet form or in one or more newspapers, were published in pamphlet form on October 4, 1967 by being printed in full text in printed pamphlet copies of the Journal of the Proceedings of the City Council of the regular meeting held on September 28, 1967 [published by authority of the City Council in accordance with the provisions of Section 5-5 of the Municipal Code of Chicago, as passed on December 22, 1947], which printed pamphlet copies were delivered to the City Clerk on October 4, 1967.

MISCELLANEOUS COMMUNICATIONS, REPORTS, ETC. REQUIRING COUNCIL ACTION (TRANSMITTED TO CITY COUNCIL BY CITY CLERK).

The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

Annual Report.

Also the annual report of the Municipal Employees' Annuity and Benefit Fund of Chicago, for the year ended December 31, 1966, submitted by E. W. Wetzel, Executive Secretary.—*Placed on File.*

Court Decision.

Also a communication from the Department of Law, signed by Marvin E. Aspen, Head of Appeals and Review Division advising the City Council that on September 29, 1967 the Illinois Supreme Court rendered its opinion in the cause entitled *Cusack, et al.* v. *The Teitel Film Corporation, et al., Illinois Supreme Court, Nos. 40214 and 40215 (Consolid.),* which opinion affirmed the orders of the Circuit Court of Cook County enjoining Teitel Film Corporation and Charles Teitel from exhibiting the motion pictures entitled "Rent-A-Girl" and "Body of a Female" in the City of Chicago. The actions were brought by the Motion Picture Appeal Board of the City pursuant to Chapter 155 of the Municipal Code of Chicago. The Illinois Supreme Court in upholding the orders of the Circuit Court, stated:

(1) Chapter 155 of the Municipal Code of the City of Chicago, dealing with the review and licensing of motion pictures, is constitutional;

(2) The procedures of the Film Review Section of the Chicago Police Department and the Motion Picture Appeal Board are constitutional and proper; and

(3) The above entitled films are obscene and may not be shown in the City of Chicago.

This is an important decision in that it is the first decision of a review court upholding the validity of Chapter 155 (Motion Pictures), since its extensive revision in 1967.—*Placed on File.*

Zoning Reclassifications of Particular Areas.

Also applications (in triplicate) of the persons named below, together with proposed ordinances, for amendment of the Chicago Zoning Ordinance as amended, for the purpose of reclassifying particular

areas, which were *Referred to the Committee on Buildings and Zoning,* as follows:

Robert A. Carrane—to classify as a C2-2 General Commercial District instead of an R4 General Residence District the area shown on Map No. 11-G bounded by

the center line of the alley next north of and parallel to W. Wilson Avenue, or the line thereof if extended where no alley exists; the alley next west of N. Clark Street; W. Wilson Avenue; and a line 165.77 feet east of N. Ashland Avenue;

Benjamin I. Coven—to classify as an M1-1 Restricted Manufacturing District instead of an R2 Single Family Residence District the area shown on Map No. 34-E bounded by

a line 350 feet north of E. 136th Street; a line 305.26 feet east of S. Forest Avenue; a line 125 feet north of E. 136th Street; and a line 152.63 feet east of S. Forest Avenue.

"A" as "clear zone" or any portions thereof, concerning which the Sponsor has acquired a fee interest with Federal financial assistance, irrespective of whether such structures constitute an obstruction to air Navigation. The Sponsor hereby further covenants that, to the extent the land concerned is presently or hereafter owned or controlled by the Authority, it will not cause or permit any structure or object of natural growth to extend above the plane of the light path within the area comprising the site of any Approach Light System serving the aforesaid airport (an ALS site being an area extending 3200 feet outward from the approach end of the runway served and 400 feet in width located symmetrically about the projected runway centerline).

In furtherance of the policy of the FAA under this covenant, the Sponsor agrees that, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm, or corporation the exclusive right at the airport or at any other airport now or hereafter owned or controlled by it, to conduct any aeroanutical activities, including, but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their relationship to the operation of aircraft can be regarded as an aeronautical activity. The Sponsor further agrees that it will terminate any such exclusive right (including any exclusive right to engage in the sale of gasoline or oil, or both) now existing at the airport, or at any other airport now or hereafter owned or controlled by it, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right, and certifies that there is no exclusive right not subject to termination under this provision."

17. It is understood and agreed between the parties hereto that any reference herein or in the Project Application to plans and specifications submitted by the Sponsor and dated August 24, 1967, and designated as "Working Plans and Specifications"; it is further understood and agreed that any changes or revisions in the aforementioned plans and specifications will require approval of the FAA.

18. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make any grant payment representing the cost of any construction work accomplished under this project prior to the execution of this grant agreement.

19. The Sponsor further agrees that such agency agreement, as so approved, will not be amended, modified or terminated without the prior approval, in writing, of the FAA.

20. It is understood and agreed by and between the parties hereto that notwithstanding the fact that Project Application dated August 14, 1967, include the reconstruction of the terminal apron, such work shall not be a part of this project and the United States shall not pay, nor be obligated to pay, for any of the costs pertaining thereto under this project; it is further understood and agreed that if the Sponsor accomplishes the aforementioned development, that Sponsor shall maintain, as a portion of the cost records covering this project, separable cost records, pertaining to the above-referred development, excluded from Federal participation under this project, which records shall be made available for inspection and audit by the FAA to the end that the cost of the excluded work may be definitely determined.

21. It is understood and agreed by and between the parties hereto that the Sponsor, at the earliest renewal, cancellation or expiration date, shall amend its existing leases so as to include therein all of the provisions set forth in Paragraph 4a, Part III—Sponsor's Assurances of the Project Application, including reference to Part 15 of the Federal Aviation Regulations and Title VI of the Civil Rights Act of 1964.

22. The Co-Sponsor, City of Chicago, Illinois, hereby agrees that in its operation and the operation of all facilities on the airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or na-

tional origin in the use of any of the facilities provided for the public on the airport, nor act contrary to the provisions of Title VI of the Civil Rights Act of 1964 and Part 15 of the Federal Aviation Regulations.

23. The Federal Government does not plan or contemplate the construction of any structures pursuant to Paragraph 9 of Part III—Sponsor's Assurances of the Project Application dated August 14, 1967, and, therefore, it is understood and agreed that the Sponsor is under no obligation to furnish any areas or rights without cost to the Federal Government under this Grant Agreement. However, nothing contained herein shall be construed as altering or changing the rights of the United States and/or the obligations of the Sponsor under prior Grant Agreements to furnish rent-free space for the activities specified in such agreements.

MISCELLANEOUS COMMUNICATIONS, REPORTS, ETC. REQUIRING COUNCIL ACTION (TRANSMITTED TO CITY COUNCIL BY CITY CLERK).

Monthly Report of Dept. of Medical Examination and Emergency Treatment.

A report of the Department of Medical Examination and Emergency Treatment for the month of September, 1967.—*Placed on File.*

Court Decisions.

Also communications from the Law Department addressed to the City Council, signed by Ronald S. Cope, Assistant Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

City of Chicago v. *Judith Joyce, Illinois Supreme Court No. 39903 M.* The Illinois Supreme Court on September 29, 1967 rendered an opinion affirming a judgment entered on a jury verdict finding the defendant guilty of disorderly conduct and obstructing pedestrian traffic. The defendant was a participant in a demonstration in front of the City Hall Building on June 11, 1965. She was arrested and charged with disorderly conduct and obstructing pedestrian traffic after she and her fellow demonstrators sat down in front of the doorways to the City Hall, locked their arms and legs and refused to obey the directions of the police officer in charge. The Illinois Supreme Court in affirming the judgment of the lower court held that: the defendant's conduct in sitting on the sidewalk and blocking the doorways to the City Hall had no connection with free speech; the ordinances under which she was prosecuted are not constitutionally vague; the complaints were sufficient to enable her to prepare her defense; convictions for Municipal ordinance violation are to be established by a clear preponderance of the evidence and do not require proof beyond a reasonable doubt.

Carmen Senese v. *Civil Service Commission, Illinois Appellate Court No. 50831.* The Illinois Appellate Court on October 2, 1967 reversed a judgment of the Circuit Court of Cook County, which had reversed a finding and decision of the Civil Service

Commission of Chicago that Carmen Senese, the plaintiff, be removed from his position as a tree trimmer in the Bureau of Forestry of the Department of Public Works of the City of Chicago. The plaintiff was charged and found guilty of conduct unbecoming an employe of the City of Chicago in that while he was employed by the Bureau of Forestry of the Department of Public Works of the City of Chicago he was also a partner in the firm of Hillside Florists and that sales of flowers arranged by Senese were made to the City by said Hillside Florists. The Illinois Appellate Court in reversing the judgment of the Circuit Court and affirming the decision of the Civil Service Commission stated in part "the Civil Service Commission ordered plaintiff removed from his position for cause. 'On Administrative Review the court does not weigh the evidence and its function is limited to ascertaining if the findings and decision of the administrative agency are against the manifest weight of the evidence.' The order of the Commission was not against the weight of the evidence and the court erred in setting it aside".

Carmen Senese and Louis Senese, d/b/a Ogden Cartage Company v. *City of Chicago, et al., Illinois Appellate Court No. 50828.* The Illinois Appellate Court on October 2, 1967 reversed the judgment dismissing the complaint filed herein for failing to state a cause of action. This was a declaratory judgment action brought by the plaintiff for a declaration that no conflict of interest existed between them and the City of Chicago; that they be assigned a priority on the basis of said proposals, and have the right to be called to fill said priority list. The plaintiffs were in the cartage business under the name of Ogden Cartage Company. One of the plaintiffs, Carmen Senese was employed by the City as a tree trimmer.

The court found that the complaint stated a cause of action that the trial court erred in dismissing the complaint. The court held that arguments made in support of the lower court's judgment had not been made in the trial court and could not be raised on appeal for the first time.

Action Deferred—ON PROPOSED ORDINANCE FOR LEASE OF DOCK AND ADJOINING WHARF SPACE ALONG SOUTH SIDE OF MAIN CHICAGO RIVER TO ROBERT L. AGRA, D/B/A SKYLINE SIGHTSEEING BOATS.

The Committee on Finance submitted the following report which was at the request of two aldermen present (Alderman Sperling and Alderman O'Rourke) *Deferred* and ordered published:

CHICAGO, October 16, 1967.

To the President and Members of the City Council:

Your Committee on Finance, which has given consideration to a communication from the City Comptroller dated September 19, 1967 concerning a lease to Robert L. Agra, d/b/a Skyline Sightseeing Boats for dock and wharf space along the south side of the main Chicago River extending southwesterly from the westerly line of N. State Street, for the operation of sightseeing boats, begs leave to report and recommend that Your Honorable Body pass the proposed ordinance transmitted herewith.

This recommendation was concurred in by 20 members of the committee, with 6 dissenting votes.

Respectfully submitted,

(Signed) THOMAS E. KEANE,
Chairman.

The following is the proposed ordinance and lease attached thereto, submitted with the foregoing committee report:

Be It Ordained by the City Council of the City of Chicago:

Section 1. That the City Comptroller is authorized to execute on behalf of the City of Chicago a lease from the City of Chicago to Robert L. Agra, d/b/a Skyline Sightseeing Boats, of the premises described as follows:

One Hundred Seventy (170) feet of dock and adjoining wharf along the south side of the main Chicago River extending southwesterly from the westerly line of North State Street, for a period of three (3) years from January 1, 1968, upon the payment to the City of Chicago of a permit fee of Three Hundred Fifty ($350.00) dollars per year, paid in advance to the office of the City Collector by July 1st of each year. This lease grants the privilege to use the above-defined dock and adjoining wharf to load and unload passengers to and from the upper and lower levels of North State Street via areas and stairways, for the operation of sightseeing craft from this dock and wharf area, but said dock shall be used only for the purposes of mooring boats owned or operated by Lessee. The Lessee or any and all other persons in the employment of Lessee or other persons whatsoever are forbidden to use public address systems or other mechanical or hand operated voice or power operated megaphones in solicitation of business—or for entertainment purposes—including music reproduction or other reproductions and shall not use or employ persons to "bark" or solicit business either on leased dock area—or from aboard craft or any area or location in vicinity of operating area or underway on craft. By the issuance of this lease, the City of Chicago does not warrant the docks, piers, quay walls and wharves to be safe for berthing or mooring vessels or loading or unloading cargo or for accepting or discharging passengers and does not assume responsibility as a wharfinger, but on the contrary, everything undertaken or done by Lessee pursuant to this lease shall be at Lessee's own risk and Lessee by acceptance of this lease waives and releases the City of Chicago of and from all damages and claims on account of any existing conditions which may hereafter develop at the berth or approaches to the berths, docks, piers, quay walls and wharves where the vessels of the Lessee may be berthed or moored under this lease. "Indemnification in the penal sum of Two Hundred Fifty Thousand ($250,000.00) dollars shall be filed indemnifying and saving harmless the City of Chicago against any and all claims for damages on account of injuries to or death of any person or persons or damage to property resulting from operations under this lease". Furthermore, the issuance of this lease is subject to the Lessee having two-way shore communication on each one of the craft operated by said Lessee, including all craft that the Lessee may operate on a temporary or substitute basis and that the Port Director shall be informed of the names and registration numbers of all craft that may be operated by the Lessee and that this information shall be furnished to the Port Director on or before April 1, 1968. Furthermore, all craft to be operated by the Lessee shall have installed a two-way shore communication system. This equipment shall be installed and operating during and at any and all times while any craft are underway with passengers or crew or guests on board and the pilot on any of the boats so operated shall have full use and knowledge of how to use the two-way communication to the full satisfaction of the Port Director of the Port of Chicago and that no person shall be in charge of any craft who does not have such full knowledge for the operation of said communication system. Furthermore, the Lessee shall be governed by any orders from the Port Director and rules and regulations regarding the areas in which his

boats may operate. The Lessee shall adhere strictly to such orders as given in writing, by the Port Director, for the areas in which its boats may operate. This lease gives to the Lessee the right to operate only two (2) boats to/or from the dock designated above.

This lease to be approved as to form and legality by the Corporation Counsel.

Either party may cancel this lease upon thirty days' prior notice in writing.

Said lease to be in the form of lease approved by the City Council as identified by the certification thereon of the Chairman of Committee on Finance.

Section 2. This ordinance shall be in force and effect from and after its passage.

Whereas, Airline is engaged in the business of transporting persons, property, cargo and mail, or one or more thereof, by aircraft (hereinafter referred to as "air transportation") and desires to obtain certain rights and privileges with respect to the Airport, upon the terms and conditions hereinafter provided; and

Whereas, City is willing to grant to Airline such rights and privileges upon the terms and conditions hereinafter provided; and

Whereas, Contemporaneously with the execution hereof, City and Airline have, among other things, entered into a Lease Agreement covering the use by Airline of certain space and facilities in and adjoining the passenger terminal facilities at the Airport;

Now, Therefore, for and in consideration of the premises (which are incorporated into the body of this Agreement as fully as if they were set forth therein) and of the mutual covenants and agreements herein contained and other valuable considerations, City does hereby grant unto Airline, and Airline does hereby hire and take from City, rights and privileges hereinafter described in connection with and upon the Airport.

ARTICLE I

Airline shall have the right and privilege to operate at the Airport an air transportation system, which right and privilege shall, subject to rules and regulations promulgated by City in accordance with Article VIII hereof and to the payment of fees and charges hereinafter provided, include the use, in common with others authorized by City so to use, of the following areas and facilities now or hereafter provided at or adjacent to the Airport and available for common use:

(a) landing and take-off areas (including runways and landing strips) for aircraft;

(b) taxiway areas for aircraft;

(c) passenger and cargo ramp areas and facilities;

(d) aircraft parking areas and facilities;

(e) facilities for the purpose of controlling or assisting landings, take-offs and other movement of aircraft using the Airport, including, without limitation, control towers, floodlights, landing lights, beacons, signals, radio aids and all other conveniences and aids to operation, navigation or ground control of aircraft.

Such use by Airline includes the exercise of any and all of the following rights, subject to rules and regulations promulgated by City in accordance with Article VIII hereof:

(a) the right to land, take-off, fly and move aircraft operated by Airline;

(b) the right on the passenger and cargo ramp areas as designated from time to time by City as available for common use, to load

and unload persons, property, cargo and mail upon or from aircraft operated by it or by any other scheduled air transportation company, by such means as may be reasonably necessary or convenient; provided, however, that Airline may not load or unload exclusive freight or cargo flights on the passenger ramp areas adjacent to the passenger terminal facilities at the Airport, and City agrees that it will not permit any other aircraft operator to load or unload exclusive cargo or freight flights on such passenger ramp areas;

(c) the right on the passenger and cargo ramp areas designated from time to time by City as available for common use, to service aircraft and other equipment operated by Airline or by any other scheduled air transportation company, with gasoline, oil, greases, lubricants and other fuel or propellant, and with foods and beverages and other supplies and materials, by such means as may be reasonably necessary or proper;

(d) the right on the passenger and cargo ramp areas designated from time to time by City as available for common use, to repair, condition, maintain, test and park aircraft and other equipment operated by Airline or by any other scheduled air transportation company; provided, however, such repair, conditioning, maintenance and testing shall be limited to those activities at the time commonly considered routine ramp servicing (which term shall include the activities referred to in subparagraph (c) above); and provided further, parking of aircraft on such areas may be limited as provided in Article III hereof;

(e) the right to park aircraft on aircraft parking areas designated from time to time by City as available for common use; provided, however, parking of aircraft on such areas may be limited, as provided in Article III hereof;

(f) the right to train personnel in its employ or under its direction; provided, however, that all flight training shall be subject to such limitations as the Commissioner of Aviation may from time to time reasonably prescribe;

(g) the right to sell, dispose of or exchange its aircraft, engines, accessories, gasoline, oil, greases, lubricants, other fuel or propellant, other equipment or supplies, and any articles or goods used by or acquired for use by Airline in connection with its conduct of air transportation; provided, however, that Airline shall not sell, dispose of or exchange any such items to others than its employees or scheduled air transportation operators, unless such items represent surplus items at the time no longer reasonably necessary in connection with the conduct by Airline of its air transportation business; and provided further, that Airline shall not sell, dispose of or exchange gasoline, oil, grease, lubricants, fuel or propellants, except to a subsidiary or affiliated company or to other scheduled air transportation companies;

(h) the right to operate and maintain such mobile communications equipment as may be reasonably necessary or convenient for its operations; provided, the exercise of such right does not interfere with the City's operation of the Airport for the benefit of all aircraft using the Airport;

(i) the right to purchase or otherwise obtain and use personal property of any nature (including aircraft, engines, accessories, gasoline, oil, greases, lubricants, other fuel or propellant, food, beverages, other equipment and supplies and any articles or goods) reasonably necessary or convenient for its operations from any supplier of its choice; and

(j) the right to conduct operations or activities other than those enumerated in subparagraphs (a) to (i), inclusive, of this paragraph, reasonably related to the landing, take-off, flying, movement, loading, unloading or ramp servicing of aircraft, which are reasonably necessary or convenient to the conduct by it of air transportation; provided, however, that all such operations and activities shall be subject to the approval of the Commissioner of Aviation, provided further, the exercise of such right does not interfere with City's operation of the Airport for the benefit of all aircraft using the Airport.

Provided, however, that the rights conferred under this Article I shall not be construed to authorize the conduct by Airline of any business separate from its operation of an air transportation system; and further provided, that the rights conferred under this Article I may be exercised by Airline alone or in conjunction with any other Airline Parties, directly or through another designated by it or them, excepting that the rights conferred by subparagraph (c) above to service aircraft and other equipment with gasoline, oil, greases, lubricants and other fuel or propellant may be exercised by Airline in conjunction with any other Airline Parties, either directly or through another designated by them, only with respect to aircraft and other equipment operated by Airline Parties.

Airline shall have the right and privilege to install and maintain and operate at such location on the Airport as may be approved by the Commissioner of Aviation, communication, meteorological and aerial navigation equipment and facilities as may be reasonably necessary or convenient to the conduct by it of air transportation, provided the exercise of such right and privilege does not interfere with City's operation of Airport for the benefits of all aircraft using the Airport.

Subject to rules and regulations promulgated by City in accordance with Article VIII hereof, Airline shall have the right and privilege over the Airport of ingress to and egress from (but not any other use of, except as authorized in this Agreement or in any other agreement between City and Airline) the areas and facilities described in this Article I for its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, its or their equipment, vehicles, machinery and other property and except as in this Agreement or in any other agreement between City and Airline otherwise specifically provided, no charges, fees or tolls of any nature, direct or indirect, shall be imposed by City upon Airline, its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service for such right of ingress and egress, or for the privilege of purchasing, selling or using any materials or services purchased or otherwise obtained by Airline, as provided in subparagraphs (g) and (i) of this Section, or transporting, loading or

handling persons, property, cargo or mail in connection with Airline's business or exercising any right or privilege granted by City hereunder. The foregoing shall not preclude City or its concessionaires from making and collecting a charge for the use of public automobile parking areas, sightseeing facilities or ground transportation to and from the Airport or preclude City from imposing any tax or permit or license fee not inconsistent with the rights and privileges granted to Airline hereunder.

This grant is not to be construed as a lease of any space in any passenger terminal building, any adjacent ramp area lease by City to any air transportation company or other person, firm or corporation, any hangar, any air cargo building, any fueling system or any other building constructed or to be constructed by City at the Airport. Any ramp area at the Airport leased by City to one or more air transportation companies, persons, firms or corporations shall not be considered to be a public ramp area or a ramp area available for common use.

ARTICLE II

Section 2.01. *Flight Fees for landing of aircraft.* In connection with each fee landing at the Airport of each aircraft operated by it, Airline shall pay to City a fee of twenty-five cents (25¢) per 1000 pounds or fraction thereof of approved maximum landing weight per landing. The approved maximum landing weight of any aircraft shall mean the maximum landing weight approved by the Federal Aviation Administration for landing such aircraft at the Airport.

Each separate landing at the Airport of an aircraft (whether in connection with a revenue or a non-revenue flight) operated by Airline or others, shall be a "fee landing", except that a "fee landing" shall not include the following:

(c) any touch-and-go and similar operation in which an aircraft comes in contact with a runway at the Airport and without coming to a stop thereafter resumes flight by leaving the ground from the same runway and in the same direction;

(d) any landing of aircraft operated by the United States Government or the Illinois National Guard to the extent that under the terms and conditions of assurances to the Federal Airport Act, or any other prior or future Acts of Congress or of the General Assembly of the State of Illinois that may provide for Grants in Aid of airport development, such landing is to be without charge; or

(e) any landing at the Airport of helicopter aircraft operated in local service between the Airport and any point within a radius of fifty (50) miles from the Airport.

Section 2.02. *Flight Fee rate for others.* City covenants that during the term of this Agreement, it shall charge and assess landing fees on all other users of its Airport in amount not less than provided in Section 2.01 hereof, provided further, however, that in no event shall such fee be less than $2.50 per landing.

In the event Airline shall park its cargo aircraft in any public cargo ramp area for a period of one hundred twenty (120) minutes, then at the discretion of City, removal of such aircraft may be directed by it and if upon the lapse of a fifteen (15) minute period after such direction, Airline shall fail to so remove such aircraft, it shall pay City a fee of five dollars ($5.00) for each thirty (30) minutes or fraction thereof that such aircraft remains in such public cargo ramp area after such fifteen (15) minute period.

City may charge Airline fees of not more than ten dollars ($10.00) for each twenty-four (24) hours or fraction thereof in excess of a free period of twenty-four (24) hours for the parking of its aircraft in public aircraft parking areas.

ARTICLE IV

City shall, within fifteen (15) days following the end of each calendar month, furnish to Airline a statement setting forth the amount of any Flight Fees and Aircraft Parking Fees payable by Airline hereunder for such month. The amount of any Flight Fees and Aircraft Parking Fees payable by Airline hereunder for any calendar month shall be due and payable by it on the last day of the next succeeding calendar month.

All amounts payable by Airline hereunder shall be paid to City at the office of the City Comptroller of City and any amount payable by Airline hereunder which is not paid when due shall bear interest at the rate of seven per cent (7%) per annum from the due date thereof until paid.

The payment by Airline to City of any amount thereunder and the acceptance thereof by City, shall not preclude either Airline or City from questioning, within a period of eighteen (18) months from the date of such payment by Airline, the accuracy of any statement on the basis of which such payment was made, or preclude City from making, within such period, any claim against Airline for any additional amount payable by Airline hereunder, or preclude Airline from making, within such period, any claim against City for credit for any excess amount paid by Airline hereunder.

ARTICLE V

Section 5.01. *Term.* The term of this Agreement shall be for a period commencing on the date said premises and airport are available for occupancy and use by Airline as determined by certificate issued by the Commissioner of Public Works, and terminating on December 31, 1974, Airline shall

have the option to extend the term of this Agreement for a period terminating on December 31, 1979, upon the same terms and conditions in effect as of December 31, 1974, provided only that Airport is not at that time operating at a deficit as determined in accordance with sound accounting practices by the City Comptroller and further provided such option is exercised by written notice from Airline to City at any time prior to three (3) months before the date of expiration of this Agreement.

Section 5.02. *Covenant to use Airport.* Airline covenants and agrees with City that subject to such orders, rules and regulations as may be promulgated from time to time by the Federal Government or any agency thereof, it will during each fiscal year use the Airport and provide for fee landings of its aircraft at the Airport.

ARTICLE VI

Section 6.01. *Construction, maintenance and repair by Airline.* Airline may either alone, or jointly with any one or more other Airline Parties, construct or install such communication, meteorological and aerial navigation equipment as may be reasonably necessary or convenient to the conduct by Airline of air transportation, and such conduits, pits, covered trenches, ducts and other facilities, as may be reasonably necessary or convenient for power, light and communication purposes or for use in connection with the handling and servicing of aircraft, all as may be approved by the Commissioner of Aviation.

All such construction or installation by Airline shall be made in accordance with applicable laws and ordinances and after obtaining any requisite building or construction licenses or permits. Plans and specifications of any such proposed construction or installation (including any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Public Works prior to the commencement of construction or installation. Any structures, facilities and additions so constructed or installed by Airline shall be kept and maintained by it in good condition and repair. No restrictions, however, shall be placed upon Airline as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such structures, facilities or additions.

Section 6.02. *Performance by City upon failure of Airline to maintain.* In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by this Article VI to be performed by Airline, City may do all things necessary to perform such obligation, charging the cost and expense thereof to Airline, and Airline agrees to pay City all such costs and expenses in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense of said performance.

ARTICLE VII

Section 7.01. *Maintenance and operation of Airport.* City shall operate, maintain and keep in good repair the areas and facilities described in Article I hereof, excepting any structures or facilities constructed or installed by Airline pursuant to Article VI hereof. City shall keep the Airport free from obstruction, including the removal of snow, vegetation, stones and other foreign matter, as reasonably as may be done, from landing, take-off, public ramp, and public parking areas.

City shall operate and maintain the Airport in all respects in a manner consistent with that of a reasonably prudent operator of an airport and in accordance with standards and ratings of airports of similar size and character issued by the Federal Aviation Administration and with the rules and regulations of the Federal Aviation Administration and any other governmental authority having jurisdiction thereof. City shall operate the Airport in a manner so as to produce, subject to the provisions of this Agreement, revenues from the Airport of a nature and amount which would be produced by a reasonably prudent operator of an airport.

In the event any operator selected by City for the purpose of providing transportation service to and from the Airport of passengers and their baggage shall not furnish such transportation in a satisfactory and efficient manner, City shall, upon request of the Airlines Representative, use its best efforts to correct such situation, including, if required, the selection of another operator if City has authority to do so under the terms of the applicable concession agreement, to the end that such transportation service is performed in a satisfactory and efficient manner.

City shall supply adequate lighting for the Airport, including adequate landing lights, floodlights, beacons and other field lighting.

City shall use its best efforts to keep the Airport open and in operation for landings and take-offs of aircraft of any type using facilities similar to those at the Airport.

City shall maintain order at the Airport.

Section 7.02. *Enjoyment of Rights and Privileges.* City agrees that Airline, performing its obligations hereunder, shall be entitled to and shall have the enjoyment of the rights and privileges granted to it hereunder, subject to the provisions hereof.

Section 7.03. *Performance by Airline upon failure of City to maintain and operate.* In the event City fails to perform, for a period of thirty (30) days after notice from Airline so to do, any obligation required by this Article VII to be performed by City, Airline may perform, by itself or jointly with any other Airline Parties, such obligation of City and bill City for the cost to Airline of such performance. City, however, shall not be liable to Airline for any loss of revenues to Airline resulting from any of City's acts, omissions or neglect in the maintenance and operation or otherwise by it of the Airport or any facilities now or hereafter connected therewith.

ARTICLE VIII

Airline shall observe and obey all rules and regulations governing the conduct and operation of the Airport, promulgated from time to time by City, which are reasonably required for the prudent and efficient operation of the Airport and are not inconsistent with the reasonable exercise by Airline of any right or privilege granted to it hereunder or under any other agreement between Airline and City relating to the Airport or any part thereof, nor inconsistent with safety nor with the rules and regulations of any Federal or State agency having jurisdiction with respect thereto, nor inconsistent with the procedures prescribed or approved from time to time by the Federal Aviation Administration or any other governmental author-

ity having jurisdiction over flight operations at the Airport.

City shall keep Airline supplied with five (5) sets of City's current Airport rules and regulations applicable to Airline. Except in cases of emergency, no such rule or regulation shall be applicable to Airline unless it has been given fifteen (15) days notice of the adoption thereof.

City, however, shall have no control over the rates, fares or charges that Airline may prescribe in connection with its conduct of an air transportation business.

ARTICLE IX

Nothing contained herein shall impair the right of City in the exercise of its governmental functions to require Airline to pay any tax or inspection fees or to procure necessary permits or licenses, provided such requirement is not inconsistent with the rights and privileges granted to Airline hereunder.

Nothing contained herein shall be deemed to be the grant of any franchise, license, permit or consent to Airline to operate motor coaches, buses, taxicabs or other vehicles carrying passengers or property for hire or other consideration over the public ways to and from the Airport.

ARTICLE X

Airline agrees to indemnify and hold City harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recovered from City by reason or on account of damage to the property of City or the property of, injury to or death of any person, arising from Airline's use and occupancy of and operations at the Airport, including acts of its agents, contractors and subcontractors, except when caused by City's sole negligence or by the joint negligence of City and any person other than Airline, its agents, contractors and subcontractors; provided that City shall give Airline prompt and timely notice of any claim made or suit instituted which, in any way, affects Airline or its insurer, and Airline or its insurer shall have the right to compromise and defend the same to the extent of their own interests. Any final judgment rendered against City for any cause for which Airline is liable hereunder shall be conclusive against Airline as to liability and amount.

Airline shall, at its own expense, keep in force insurance of the following types and in not less than the following amounts, issued by a company or companies of sound and adequate financial responsibility, insuring Airline and City against all liabilities for accidents arising out of or in connection with Airline's use and occupancy of and operations at the Airport, except when caused by City's negligence alone or jointly with any person other than Airline, its agents, contractors and subcontractors, and shall furnish to City certificates evidencing such insurance, naming City as an additional assured thereunder, subject to the limitations set forth above in respect of City's negligence, to-wit:

Aircraft Public Liability Insurance	$ 100,000 per person $1,000,000 per accident
Aircraft Property Damage Insurance	$ 200,000 per accident
Comprehensive Public Liability Insurance	$ 100,000 per person $ 250,000 per accident
Comprehensive Property Damage Insurance	$ 100,000 per accident

If pursuant to any other agreement between Airline and City, Airline is complying with requirements identical with those of this Section, such compliance shall also serve as compliance with the requirements of this Section.

ARTICLE XI

City shall follow such procedures and keep and maintain such books, records and accounts as may be necessary or appropriate, in accordance with generally accepted sound accounting practices and principles, for the purpose of determining all capital expenditures, expenses and revenues properly allocable to the Airport for each fiscal year.

At least twenty (20) days before any concession arrangement is entered into between City and any concessionaire with respect to the use of any space or facilities at the Airport, City shall advise the Airlines Representative of the proposed concession arrangement and furnish to such Representative, and any persons designated by him, all relevant information concerning such proposed concession arrangement. The Commissioner of Aviation shall give due consideration to any suggestions made by such Representative, or any persons designated by him, with respect to such proposed concession arrangement.

City agrees that it will not, during the term of this Agreement, either lease or otherwise permit the use of any space, area or facility in any terminal building or otherwise upon the Airport, by way of a concession or otherwise, to any individual, partnership or corporation engaged in business as a travel agent or travel bureau for the purpose of selling, furnishing or delivering tickets available from any Airline Party for transportation by air.

ARTICLE XII

City may terminate this Agreement by giving Airline sixty (60) days advance notice upon or after the happening and during the continuance of any one of the following events:

(a) The filing by Airline of a voluntary petition in bankruptcy. In such event, City shall have the right to file a claim as a creditor and the amounts due and to become due, under the terms of this Agreement, shall be accelerated and become due and payable.

(b) The institution of proceedings in bankruptcy against Airline and the final adjudication of Airline as a bankrupt pursuant to such proceedings.

(c) The taking by a court of competent jurisdiction for a period of sixty (60) days of all or substantially all of Airline's assets pursuant to proceedings brought under the provisions of any Federal reorganization act.

(i) The issuance by any court of competent jurisdiction of an injunction in any way preventing or restraining the use of the Airport or any part thereof so as to substantially affect Airline's use of the Airport in its conduct of an air transportation system and the remaining in force of such injunction, not stayed by way of appeal or otherwise, for a period of at least sixty (60) days.

(j) The issuance of any order, rule or regulation or the taking of any action by the Civil Aeronautics Board or the Federal Aviation Administration or other competent government authority, or the occurrence of any fire, other casualty, act of God or the public enemy, substantially affecting, for a period of at least sixty (60) days, Airline's use of the Airport in its conduct of an air transportation system; provided, however, that none of the foregoing is due to any fault of Airline.

No waiver of City of default of any of the terms, covenants or conditions hereof to be performed, kept and observed by Airline shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions.

ARTICLE XIII

Airline may terminate this Agreement and any or all of its obligations hereunder at any time that Airline is not in default in the payment of any amount due from it to City hereunder by giving City sixty (60) days advance notice upon or after the happening and during the continuance of any one of the following events:

(d) The default by City in the performance of any covenant or agreement required to be performed by City herein or in any other agreement between City and Airline relating to the Airport or any part thereof, and the failure of City to remedy such default, or to take prompt action to remedy such default, within a period of sixty (60) days after receipt from Airline of notice to remedy the same.

(e) The substantial restriction of City's operation of the Airport by action of the Federal Government, or any department or agency thereof, under its wartime or emergency powers, or by action of the State of Illinois, or any department or agency thereof, and continuance thereof for a period of not less than sixty (60) days, provided such restriction adversely affects Airline's operations at the Airport.

Upon the exercise of any right of termination, all agreements and leases entered into between Airline and City relating to this Airport shall likewise stand terminated.

No waiver by Airline of default of any of the terms, covenants or conditions hereof, or of any other agreement between City and Airline relating to the Airport or any part thereof, to be performed, kept and observed by City shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions.

The foregoing shall not permit the use of Airline's Terminal Building Space for the sale of air travel insurance (excepting foreign air travel insurance, if such insurance is not otherwise available in the Terminal Building) or public restaurants or merchandising operations, or the conduct of any business separate from Airline's operation of an air transportation system.

The use by Airline, its employees, agents, passengers, guests, patrons and invitees of Passenger Ramp Areas shall include the exercise of all rights and privileges thereon and with respect thereto which are granted to Airline under the Airport Use Agreement on and with respect to the passenger ramp areas at the Airport available for common use. In the event of any surrender of any of the Airline Joint Space in substitution for other space in the Terminal Building, Airline shall, together with other Airline Party Lessees, remove from such surrendered space within a reasonable time (not to exceed 60 days) after such substitution, all trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by Airline Party Lessees and such other fixtures or construction of a temporary nature installed therein by Airline Party Lessees as the Commissioner of Public Works may require.

As and when any substitute or additional space is available in the Terminal Building for use by air transportation companies, City shall, insofar as is not inconsistent with its program of improvements, the needs and desires of other air transportation companies and the prudent and efficient operation of the Terminal Building by the City, afford Airline the opportunity to lease such substitute or additional space hereunder.

Any space in the Terminal Building leased to Airline in substitution for or as additional "Airline's Terminal Building Space or the "Airline Joint Space", as the case may be, shall be included in space leased hereunder on the same terms and conditions and at the same rental per square foot of such substituted or additional space, as is herein provided for the category of the space as to which such substitution or addition occurs; provided, however, that if, in accordance with the provisions of this Section, any space is temporarily substituted hereunder for other space, the term of the lease for such substituted space shall be only of such duration as is required for the purposes of such temporary substitution.

Section 1.06. *Ingress and egress. Right to purchase property.* Subject to the foregoing and to rules and regulations promulgated by City, Airline shall have the right and privilege over the Airport of ingress to and egress from the premises and facilities described in this Article I for its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, and its or their equipment, vehicles, machinery and other property, and except as herein otherwise specifically provided, no charges, fees or tolls of any nature, direct or indirect, shall be imposed by City upon Airline, its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, for such right of ingress and egress, or for the privilege of purchasing, selling or using any materials or services purchased or otherwise obtained by Airline, or transporting, loading, unloading or handling persons, property, cargo, or mail in connection with Airline's business or exercising any right or privilege granted by City hereunder. The foregoing shall not preclude City or its concessionaires from making and collecting a charge for the use of automobile parking areas or sightseeing facilities, or for the use of ground transportation to or from the Airport furnished by City or its concessionaires, or for the furnishing or sale by City or its concessionaires to the public at the Airport of services, insurance, food and merchandise, or preclude City from imposing any tax, permit or license fee not inconsistent with the right and privileges granted to Airline hereunder.

Airline shall have the right to purchase or otherwise obtain property and services of any nature from any suppliers of its choice.

Section 1.07. *Conduct of operations for other Airline Parties.* Any space leased to Airline under this Article I, either for its exclusive use or for use in common with any others, may also be used by Airline on behalf of or in conjunction with any other Airline Party or Parties in connection with the conduct of air transportation by such other Airline Party or Parties, to the same extent as Airline is entitled to use such space in its own behalf in connection with its conduct of air transportation, and in such case the rights and privileges granted hereunder to Airline, its employees, agents, passengers, guests, patrons and invitees, and its or their suppliers of materials and furnishers of service shall, to the same extent, be granted to such other Airline Party's or Parties' employees, agents, passengers, guests, patrons and invitees, and its or their suppliers of materials and furnishers of service; provided, however, no such use shall be permitted without the consent of the Commissioner of Aviation if such use involves payment to Airline by any such other Airline Party of an amount greater than Airline's estimated expenses with respect to the space, facilities and services used by or furnished to such other Airline Party.

Airline may further lease or sublease any space leased to Airline under this Article I to other Airline Party or Parties only for the uses and upon the terms herein set forth and provided that in each instance approval of the City Council be first obtained.

ARTICLE II

The term of this Agreement shall be for a period commencing on the date said premises and airport are available for occupancy and use by Airline as determined by certificate issued by the Commissioner of Public Works and terminating on December 31, 1974. Airline shall have the option to extend the term of this Agreement for a period terminating on December 31, 1979, upon the same terms and conditions in effect as of December 31, 1974, provided only that Airport is not at that time operating at a deficit as determined in accordance with sound accounting practices by the City Comptroller and further provided such option is exercised by written notice from Airline to City at any time prior to three (3) months before the date of expiration of this Agreement.

ARTICLE III

Section 3.01. *Airline's Terminal Building Space.* Commencing ..... and thereafter during the term hereof as to such space, Airline shall pay to City rental for Airline's Terminal Building Space, as follows:

a monthly rental of ..... dollars ($.....) for ..... predicated on an annual rental of six dollars ($6.00) per square foot for each airline in accordance with the Summary attached hereto and made a part hereof.

Section 3.02 *Airline Joint Space.* Commencing ..... and thereafter during the term hereof as to such space, Airline shall pay to City rental for the Airline Joint Space, as follows:

(a) Airline's pro rata share of a monthly rental of ..... dollars ($.....) predicated upon the annual rental of six dollars ($6.00) per square foot.

In the event that the Airline Joint Space is used by any person other than Airline Party Lessees and their employees, agents, passengers, guests, patrons and invitees, then a Majority in interest of Airline Party Lessees may establish a reasonable schedule of charges to such other persons for such use, such schedule of charges to be subject to the approval of the Commissioner of Aviation. All such charges may be collected at such time and in such manner as may be determined by a Majority in Interest of Airline Party Lessees and of the aggregate amount of such charges collected in any month shall be transmitted to the City Comptroller of City on or before the twentieth day following the end of such month and shall be deducted from the rental hereinabove provided (of which Airline is to pay its pro rata share) for the Inbound Baggage Space for such month.

Airline and the other Airline Party Lessees have entered into an interline agreement between themselves providing for the method of determining Airline's pro rata share of the monthly rentals for, and other expenses with respect to, the Airline Joint Space, and the pro rata shares of all parties to such interline agreement aggregate one hundred per cent (100%) of such monthly rentals and expenses. No amendment to such interline agreement will be made which would reduce the aggregate pro rata shares of all airline Party Lessees, at the time parties thereto, below one hundred per cent (100%) of such monthly rentals and expenses.

Section 3.03. *Additional Rental Payment.* Airline shall further pay to City on or before..... ..... the sum of One Hundred Forty Thousand Dollars ($140,000.00) for each Aircraft Operation Area as allocated to Airline on Exhibit A, to be exclusively used by Airline to the extent permitted by law. It is understood that said sum shall be used to defray in part the costs incurred by City in making said Aircraft Operation Area available. It is understood in the event Airline exercises its option to renew this Agreement as provided in Article II hereof, and then only upon determination and notification by the City that the total revenues from landing fees and concessions at said Airport are sufficient to defray all properly allocable airport expenses incurred by City at the Airport, Airline shall be credited each month its proportionate share of such excess to be applied by City to the rental payments otherwise due City as hereinabove outlined. Said credit to continue so long as surpluses are generated and until such time as Airline's prepayment aforesaid has been recouped.

ARTICLE IV

Airline shall, on or before the first day of each calendar month during the term hereof, pay to City rental due for such month for Airline's Terminal Building Space.

Airline shall, on or before the twentieth day following the end of each calendar month during the term hereof, pay to City the Airline's pro rata share of rental due for such month for the Airline Joint Space.

Notwithstanding the foregoing, if any rental commences or is adjusted otherwise than as of the first day of any month or terminates prior to the last day of any month, rental for such month shall be determined on a prorata basis according to the number of days of such month involved, and any required payment or refund of rental for such month shall be made as promptly as practicable.

The payment of the foregoing rentals shall be made at the office of the City Comptroller of City.

ARTICLE V

Section 5.01. *Construction, maintenance and repair on Airline's Terminal Building Space.* Airline may construct or install, at its own expense, any equipment, improvements and facilities, and any additions thereto, on all or any part of Airline's Terminal Building Space. All such construction or installation shall be made after obtaining any requisite building or construction licenses or permits. Plans and specifications of any proposed construction or installation of improvements and facilities (including any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Aviation prior to the commencement of construction or installation. Any advertising signs installed by Airline shall be limited to those which advertise air transportation, and the number, general type, size, design and location of such signs shall be subject to the approval of the Commissioner of Aviation.

Airline shall keep and maintain all such improvements and facilities and additions thereto constructed or installed by it in good condition and repair, reasonable wear and tear excepted. No restrictions shall be placed upon Airline as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such improvements, facilities and additions.

Airline shall keep Airline's Terminal Building Space in a sanitary and sightly condition.

Section 5.02. *Construction, maintenance and repair on Airline Joint Space.* Airline may, jointly with other Airline Party Lessees, construct or install any equipment, improvements and facilities on all or any part of the Airline Joint Space, all such construction or installation to be made, kept and maintained in the same manner and under the same conditions as construction or installation on Airline's Terminal Building Space.

Airline shall, together with other Airline Party Lessees, keep the Airline Joint Space in a sanitary and sightly condition.

Section 5.03. *Covenant against liens.* Airline shall keep Airline's Terminal Building Space and the Airline Joint Space and the installations situated thereon free and clear of any and all liens in any way arising out of the construction, improvement or use thereof by Airline; provided, however, that Airline may in good faith contest the validity of any lien.

Section 5.04. *Performance by City upon failure of Airline to maintain.* In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by this Article V to be performed by Airline, City may enter the premises involved (without such entering causing or constituting a termination of this Lease or an interference with the possession of said premises by Airline) and do all things necessary to perform such obligation, charging to Airline the cost and expense thereof (or in the case of the Airline Joint Space, Airline's pro rata share of such cost and expense) and Airline agrees to pay City such charge in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after the giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense (or in the case of the Airline Joint Space, Airline's pro rata share of the cost and expense) of such performance.

ARTICLE VI

Section 6.01. *Maintenance and operation.* City shall operate and maintain, in all respects in a manner consistant with that of a reasonably prudent operator of an airport, and keep in good condition and repair, the Terminal Building and all additions, improvements, facilities and equipment now or hereafter provided by City at or in connection with the Terminal Building, excepting any improvements, facilities and equipment constructed or installed by Airline, either individually or jointly with other Airline Party Lessees. City shall keep the Terminal Building, excepting Airline's Terminal Building Space and the Airline Joint Space, in a sanitary and sightly condition.

City shall maintain and keep in good repair Airline's Aircraft Operations Area (including the removal therefrom of snow and foreign matter), so as to permit the efficient taxiing, servicing, and loading and unloading of aircraft operated by Airline, and Airline agrees to take such action as the Commissioner of Aviation may reasonably request in order to enable the City to comply with the provision.

City shall at all times maintain the Terminal Building Public Facilities so as to provide for reasonably unobstructed use thereof by passengers and invitees, and shall keep such facilities adequately supplied, equipped (including directional signs), furnished and decorated.

City shall supply adequate heat, water and sewerage facilities for the Terminal Building Public Facilities and Airline's Terminal Building space, shall supply air conditioning in the Terminal Building Public Facilities and in that portion of the Airline's Terminal Building Space which according to the plans and specifications on file in the office of Commissioner of Public Works is to be air conditioned, shall supply adequate electric power for normal use and light in all such Facilities and Space, and shall supply janitor service in the Terminal Building Public Facilities, which janitor service shall be of a character satisfactory to those scheduled air transportation companies who at the time are lessees of a majority of the space in the Terminal Building which is leased to scheduled air transportation companies; provided, however, that Airline shall be required to pay to City reasonable charges for water and electricity supplied by City to Airline's Terminal Building Space.

Section 6.02. *Taxes on leased premises.* City shall pay any and all taxes or special assessments which may be levied or assessed upon the premises leased hereunder, including both premises leased hereunder to Airline exclusively and to Airline for its use in common with any others: provided, however, that the foregoing shall not apply to taxes on any property of Airline constructed, installed or located on such premises.

SECTION 6.03 *Quiet enjoyment.* City agrees that Airline, performing its obligations hereunder, shall be entitled to and shall have the quiet possession and enjoyment of the premises, facilities, rights and privileges leased to it hereunder, subject, however, to the provisions hereof.

Section 6.04. *Concessionaires.* In the event any concessionaire selected by City for the purpose of operating any concession at or in connection with the Terminal Building shall not operate such concession in a satisfactory and efficient manner, or in the event City shall fail to select a concessionaire for the purpose of furnishing necessary or desirable services or products to the public at or in connection with the Terminal Building, City shall, upon request of a Majority in Interest of Airline Party Lessees, use its best efforts to correct such situation, including, if and so long as required, the selection of another concessionaire, provided that City has the authority so to do under the terms of the applicable concession agreement.

Section 6.05. *Performance by Airline upon failure of City to maintain and operate.* In the event City fails to perform, for a period of thirty (30) days after notice from Airline so to do, any obligation required by this Article VI to be performed by City, Airline may perform such obligation of City and deduct the cost to Airline of such performance from any amounts due hereunder or otherwise from Airline to City; provided, however, that if City's failure to perform any such obligation endangers the safety of Airline's operations at the Airport and Airline so states in its notice to City, Airline may perform such obligation of City at any time after the giving of such notice and deduct, as aforesaid, its cost of such performance. City, however, shall not be liable to Airline for any loss of revenues to Airline resulting from any of City's acts, omissions or neglect in the maintenance and operation by it of the Airport or any facilities now or hereafter connected therewith.

ARTICLE VII

The following Articles of the Airport Use Agreement are hereby incorporated into this Agreement and made a part hereof, and shall be applicable to the rights and privileges granted and to the premises demised to Airline by City under this Lease: Articles VIII, IX, X, XI, XII, XIII, XIV, XV and XVI.

The Lessee shall be held responsible for payment for such amount as may be due the City of Chicago.

41. If the Lessee operates, or shall lease to be operated, any type of show or spectacle or amusement within the area leased by the Lessee, or in and about Navy Pier, and an admission price is charged for same either directly or indirectly, same shall be construed as amusements etc., and the City of Chicago shall receive therefrom ten per cent (10%) as above provided. This pertains also to any type of water show, or other show of any type that may be operated in the waters adjacent to Navy Pier

42. If the Lessee operates any type of exposition or show for which a base entrance admission is charged, the City of Chicago shall receive—as is now provided by law—three per cent (3%) of the established base price of admission, such three per cent (3%) shall apply also to advance sale tickets, or book or block sale of tickets, either at a reduced or "marked up" price—such three per cent (3%) shall be paid to the City of Chicago on the basis of established price of admission, not the reduced price, for example if the established price—(before U.S. tax or other government tax) is one dollar ($1.00) at the ticket seller's window, and such or same type of ticket is sold in advance, or any other way that will admit person on same privilege as ticket window admission ticket, and is sold at a reduced price, the City of Chicago shall collect on value of such ticket as is sold at the "box-office or ticket window" price. The same basis for collecting the City of Chicago three per cent (3%) shall apply to any "package" type of ticket that may be sold or given away by Lessee or agents of Lessee, this pertaining in particular to "tie-in" sale of space to exhibitor or other persons or parties of any other nature whatsoever, either paid for or given away by Lessee or other persons.

43. All tickets of admission, if any, shall be in a form satisfactory to and shall contain only such words and figures approved by the Port Director, and there shall be printed on the face of each ticket the following statement: "The City of Chicago, as Lessor, does not assume responsibility for the performance for which this ticket is issued"; and shall be prepared by a responsible printer at the sole expense of the Lessee, who shall furnish to the Port Director at least five (5) days before the event, a verified statement of the number of tickets (including complimentary tickets) printed and delivered to the Lessee for use at the event and of the price, if any, to be charged for each ticket. If and as soon as any other tickets are printed or used, the Lessee shall furnish a similar verified statement with respect thereto. A facsimile of each type and kind of ticket to be issued by the Lessee shall be submitted to the Port Director for his approval at least thirty (30) days prior to the time any ticket is offered for sale or distribution by the Lessee, or at the time of the execution of this agreement by the Lessee, whichever is the later.

44. If the premises or any part thereof are used for paid admission type of show, at the close of each day's performance of show, or at the end of each day, the Port Director or his representative shall be present to certify the official Box

office or ticket treasurer's daily report and shall be furnished at least three copies of the box office ticket report form sheet duly certified by an accredited representative of Lessee and the box office treasurer. On this form or an attached form shall be shown the number of other persons entering the premises on either complimentary, executive, staff, employee, service, performer or exhibitor type admission; however, reasonable allowance shall be made for visiting dignitaries or special admissions such as messengers, guards etc. or musical or parade organizations, or members of the Armed Forces of the United States or other countries.

45. The City of Chicago shall approve of the number and form of complimentary, press, etc., or free tickets that may be distributed—and the City of Chicago shall be entitled to such a number of such complimentary tickets as may be deemed necessary by the Port Director, such number shall not exceed fifteen (15%) of the number of free or complimentary tickets printed or made up by the Lessee or his agents. No exhibitor or concessionaire of Lessee shall issue any tickets either for admission or concession purposes, except with written approval of the Port Director.

46. All forms and types of credentials, identification cards or badges or ribbons or buttons that may be used to gain entrance to show, exhibition or fair, either by executives, staff members, employees or either the Lessee or his agents, exhibitors or operators of amusement enterprises, or performers, or any other person, or members of the press, radio or television or official photographers, shall be approved by the Port Director as to number and form.

47. If admission is charged for entrance to show or exhibition or fair, there shall be self counting turnstiles installed at entrance thereto and all persons permitted to gain entrance thereby, either as executive, staff, employee, exhibitor or performer or any other reason—including paid or complimentary admission, shall pass through such turnstile. Such turnstile count shall be immediately available to a responsible executive or officer or duly authorized person of the Fire Department, Building Department, or Port Director's staff for purposes of determining the number of persons then on the premises for reasons of safety or security.

48. Lessee hereby expressly waives any and all claims for compensation for any and all loss or damages sustained by reason of any defect, deficiency or impairment of the electrical and plumbing installations or any part thereof furnished for the premises hereby granted, or by reason of any loss or impairment of light or current or water which may occur from any cause, or for any loss or damage sustained by the Lessee resulting from fire, water, wind, and specifically from leaks in roof or skylights or doors caused by rainfall or other causes, civil commotion, riots or labor strikes; and the Lessee hereby expressly waives all rights, claims and demands, and forever releases and discharges the said Lessor or its officers and agents from any and all demands, claims, actions and causes of action arising from any of the causes aforesaid or in any manner whatsoever.

49. Lessee agrees that no performance, exhibition, or entertainment shall be given or held on the Navy Pier which are illegal, indecent, obscene, lewd, immoral or in any manner publicly offensive, then said Port Director shall have the right to demand of Lessee that he immediately delete such portions of the production as are subject to such criticism, or to rewrite or have changed the said attraction so that it will not be publicly offensive, and the Lessee agrees immediately upon receipt by it of such notice to make the required changes and deletions.

50. Lessee hereby expressly waives any and all claims for compensation for any and all loss or damages sustained by reason of any interference by any public agency or official acting in the performance of their official duties, in the operation of the Navy Pier, however, such interference shall not relieve the Lessee from any obligations hereunder.

51. Lessee agrees that nothing herein contained shall create or be construed as creating a co-partnership between the Lessor or any department or employee of the Lessor and the Lessee or to constitute the Lessee as agent of the Lessor or any department or employee of the Lessor.

52. Lessee agrees that within not less than ten (10) days prior to the opening date of the Lessee's show under this lease, the Lessee shall furnish the Lessor policies of insurance written by insurance companies to be approved by the Port Director and in the amounts required by Lessor, insuring Lessor against any and all claims for damage, death, injury and loss to persons and property, and against any and all suits or actions on account of any of the same that may be filed against the Lessor and each and every member, department and employee of the City of Chicago, or the Lessor as a result of this final rental agreement and any occupancy or use of the premises under this rental agreement. In no event shall public liability insurance be less than $100,000.00 on account of injury or death to one person, and $300,000.00 on account of multiple injuries or death, nor less than $25,000.00 on account of loss or damage to property. All such policies of insurance shall be accompanied by receipts showing payment of premiums in full.

53. The Lessee shall not transmit a description of any portion of its operation by means of radio broadcasting or television without first having received permission to do so from the Port Director.

54. The Lessor reserves the right to cancel this agreement if the Lessee shall be engaged in advocating perversion of, or resistance to Local, State and Federal Laws, or be identified with communistic organizations, or organizations advocating resistance to our form of government, and the return of any deposit made shall settle all alleged claims the Lessee may have against the City of Chicago thereby.

55. No alterations, variations, or additions in or to the terms of this contract shall be valid unless in writing and signed by the parties hereto.

56. This contract shall be construed in accordance with the laws of Illinois and any action hereon may be brought in the Courts of Cook County.

The Lessor reserves the right and privilege to do such work as may be necessary for repairs, renovation, rebuilding or remodeling or perform such work as the Lesssor may deem as necessary during the tenure of this agreement without consent of Lessee including any new construction work, either by an agency of the City of Chicago, or other governmental agency, or by outside contractor; and shall have free and easy access to and from such necessary areas at all times for all such personnel or prospective personnel or labor and all types of vehicles or water craft of any type either of City of Chicago or such agency or contractor or supplier or vendor, or sub-contractor as may be necessary including marine contractors or builders.

40. If, at any time, the recreation area, or other areas of Navy Pier, or the environments, thereof are used for amusement rides or sight-seeing or pleasure rides of any description, the operator of such enterprise shall pay the City of Chicago ten per cent (10%) thereof of his gross receipts, after Federal, State, County or Municipal taxes have been deducted from such charge for admission or ride. The Lessee shall be held responsible for payment for such amount as may be due the City of Chicago.

41. If the Lessee operates, or shall lease to be operated, any type of show or spectacle or amusement within the area leased by the Lessee, or in and about Navy Pier, and an admission price is charged for same either directly or indirectly, same shall be construed as amusement etc., and the City of Chicago shall receive therefrom ten per cent (10%) as above provided. This pertains also to any type of water show, or other show of any type that may be operated in the waters adjacent to Navy Pier.

42. If the Lessee operates any type of exposition or show for which a base entrance admission is charged, the City of Chicago shall receive—as is now provided by law—three per cent (3%) of the established base price of admission, such three per cent (3%) shall apply also to advance sale tickets, or book or block sale of tickets, either at a reduced or "marked up" price—such three per cent (3%) shall be paid to the City of Chicago on the basis of established price of admission, not the reduced price, for example if the established price—(before U.S. tax or other government tax) is one dollar ($1.00) at the ticket seller's window, and such or same type of ticket is sold in advance, or any other way that will admit person on same privilege as ticket window admission ticket, and is sold at a reduced price, the City of Chicago shall collect on value of such ticket as is sold at the "box-office or ticket window" price. The same basis for collecting the City of Chicago three per cent (3%) shall apply to any "package" type of ticket that may be sold or given away by Lessee or agents of Lessee, this pertaining in particular to "tie-in" sale of space to exhibitor or other persons or parties of any other nature whatsoever, either paid for or given away by Lessee or other persons.

43. All tickets of admission, if any, shall be in a form satisfactory to and shall contain only such words and figures approved by the Port Director, and there shall be printed on the face of each ticket the following statement: "The City of Chicago, as Lessor, does not assume responsibility for the performance for which this ticket is issued"; and shall be prepared by a responsible printer at the sole expense of the Lessee, who shall furnish to the Port Director at least five (5) days before the event, a verified statement of the number of tickets (including complimentary tickets) printed and delivered to the Lessee for use at the event and of the price, if any, to be charged for each ticket. If and as soon as any other tickets are printed or used, the Lessee shall furnish a similar verified statement with respect thereto. A facsimile of each type and kind of ticket to be issued by the Lessee shall be submitted to the Port Director for his approval at least thirty (30) days prior to the time any ticket is offered for sale or distribution by the Lessee, or at the time of the execution of this agreement by the Lessee, whichever is the later.

44. If the premises or any part thereof are used for paid admission type of show, at the close of each day's performance of show, or at the end of each day, the Port Director or his representative shall be present to certify the official Box office or ticket treasurer's daily report and shall be furnished at least three copies of the box office ticket report form sheet duly certified by an accredited representative of Lessee and the box office treasurer. On this form or an attached form shall be shown the number of other persons entering the premises on either complimentary, executive, staff, employee, service, performer or exhibitor type admission; however, reasonable allowance shall be made for visiting dignitaries or special admissions such as messengers, guards etc. or musical or parade organizations, or members of the Armed Forces of the United States or other countries.

45. The City of Chicago shall approve of the number and form of complimentary, press, etc., or free tickets that may be distributed—and the City of Chicago shall be entitled to such a number of such complimentary tickets as may be deemed necessary by the Port Director, such number shall not exceed fifteen (15%) of the number of free or complimentary tickets printed or made up by the Lessee or his agents. No exhibitor or concessionaire of Lessee shall issue any tickets either for admission or concession purposes, except with written approval of the Port Director.

46. All forms and types of credentials. identification cards or badges or ribbons or buttons that may be used to gain entrance to show, exhibition or fair, either by executives, staff members, employees of either the Lessee or his agents, exhibitors or operators of amusement enterprises, or performers, or any other person, or members of the press, radio or television or official photographers, shall be approved by the Port Director as to number and form.

47. If admission is charged for entrance to show or exhibition or fair, there shall be self counting turnstiles installed at entrance thereto and all persons permitted to gain entrance thereby, either as executive, staff, employee, exhibitor or performer or any other reason—including paid or complimentary admission, shall pass through such turn-

stile. Such turnstile count shall be immediately available to a responsible executive or officer or duly authorized person of the Fire Department, Building Department, or Port Director's staff for purposes of determining the number of persons then on the premises for reasons of safety or security.

48. Lessee hereby expressly waives any and all claims for compensation for any and all loss or damages sustained by reason of any defect, deficiency or impairment of the electrical and plumbing installations or any part thereof furnished for the premises hereby granted, or by reason of any loss or impairment of light or current or water which may occur from any cause, or for any loss or damage sustained by the Lessee resulting from fire, water, wind, and specifically from leaks in roof or skylights or doors caused by rainfall or other causes, civil commotion, riots or labor strikes; and the Lessee hereby expressly waives all rights, claims and demands, and forever releases and discharges the said Lessor or its officers and agents from any and all demands, claims, actions and causes of action arising from any of the causes aforesaid or in any manner whatsoever.

49. Lessee agrees that no performance, exhibition, or entertainment shall be given or held on the Navy Pier which are illegal, indecent, obscene, lewd, immoral or in any manner publicly offensive, then said Port Director shall have the right to demand of Lessee that he immediately delete such portions of the production as are subject to such criticism, or to rewrite or have changed the said attraction so that it will not be publicly offensive, and the Lessee agrees immediately upon receipt by it of such notice to make the required changes and deletions.

50. Lessee hereby expressly waives any and all claims for compensation for any and all loss or damages sustained by reason of any interference by any public agency or official acting in the performance of their official duties, in the operation of the Navy Pier, however, such interference shall not relieve the Lessee from any obligations hereunder.

51. Lessee agrees that nothing herein contained shall create or be construed as creating a copartnership between the Lessor or any department or employee of the Lessor and the Lessee or to constitute the Lessee as agent of the Lessor or any department or employee of the Lessor.

52. Lessee agrees that within not less than ten (10) days prior to the opening date of the Lessee's show under this lease, the Lessee shall furnish the Lessor policies of insurance written by insurance companies to be approved by the Port Director and in the amounts required by Lessor, insuring Lessor against any and all claims for damage, death, injury and loss to persons and property, and against any and all suits or actions on account of any of the same that may be filed against the Lessor and each and every member, department and employee of the City of Chicago, or the Lessor as a result of this final rental agreement and any occupancy or use of the premises under this rental agreement. In no event shall public liability insurance be less than $100,000.00 on account of injury or death to one person, and $300,000.00 on account of multiple injuries or death, nor less than $25,000.00 on account of loss or damage to property. All such policies of insurance shall be accompanied by receipts showing payment of premiums in full.

53. The Lessee shall not transmit a description of any portion of its operation by means of radio broadcasting or television without first having received permission to do so from the Port Director.

54. The Lessor reserves the right to cancel this agreement if the Lessee shall be engaged in advocating perversion of, or resistance to Local, State and Federal Laws, or be identified with communistic organizations, or organizations advocating resistance to our form of government, and the return of any deposit made shall settle all alleged claims the Lessee may have against the City of Chicago thereby.

55. No alterations, variations, or additions in or to the terms of this contract shall be valid unless in writing and signed by the parties hereto.

56. This contract shall be construed in accordance with the laws of Illinois and any action hereon may be brought in the Courts of Cook County.

Such concession operator shall operate and control check rooms or baggage rooms and charge a fee for this service as may be deemed reasonable by the Port Director.

36. The Lessee shall not be entitled to any fee or sum of money from either the City of Chicago or the operator of concessions from any part of concessions operated in area aforesaid described by Code of the City of Chicago, Section 38-4.

37. Certain areas as the Port Director shall designate to be used as access to and egress from public rooms such as toilet facilities, entrances to or from restaurant or concession facilities, must not be used by the Lessee, or the exhibitors who lease from Lessee.

38. The Lessee does hereby agree that all vendors, contractors or suppliers, or personnel or prospective personnel, or labor of any Lessee or contractor or concession operator of the City of Chicago that uses or otherwise engaged in or transacting business in and about Navy Pier—or its environments including vehicles of all types—including water craft of any type—shall have free and easy access to and from either their leased or construction areas, at any and all times, including priority to service any such Lessee or contractor.

39. The Lessor reserves the right and privilege to do such work as may be necessary for repairs, renovation, re-building or remodeling or perform such work as the Lessor may deem as necessary during the tenure of this agreement without consent of Lessee including any construction work, either by an agency of the City of Chicago, or other governmental agency, or by outside contractor; and shall have free and easy access to and from such necessary areas at all times for all such personnel or prospective personnel or labor and all types of vehicles or water craft of any type either of City of Chicago or such agency or contractor or supplier or vendor, or sub-contractor as may be necessary including marine contractors or builders.

40. If, at any time, the recreation area, or other areas of Navy Pier, or the environments, thereof are used for amusement rides or sight-seeing or pleasure rides of any description, the operator of such enterprise shall pay the City of Chicago ten per cent (10%) thereof of his gross receipts, after Federal, State, County or Municipal taxes have been deducted from such charge for admission or ride. The Lessee shall be held responsible for payment for such amount as may be due the City of Chicago.

41. If the Lessee operates, or shall lease to be operated, any type of show or spectacle or amusement within the area leased by the Lessee, or in and about Navy Pier, and an admission price is charged for same either directly or indirectly, same shall be construed as amusement etc., and the City of Chicago shall receive therefrom ten per cent (10%) as above provided. This pertains also to any type of water show, or other show of any type that may be operated in the waters adjacent to Navy Pier.

42. If the Lessee operates any type of exposition or show for which a base entrance admission is charged, the City of Chicago shall receive—as is now provided by law—three per cent (3%) of the established base price of admission, such three per cent (3%) shall apply also to advanced sale tick-

ets, or book or block sale of tickets, either at a reduced or "marked up" price—such three per cent (3%) shall be paid to the City of Chicago on the basis of established price of admission, not the reduced price, for example if the established price —(before U.S. tax or other government tax) is one dollar ($1.00) at the ticket seller's window, and such or same type of ticket is sold in advance, or any other way that will admit person on same privilege as ticket window admission ticket, and is sold at a reduced price, the City of Chicago shall collect on value of such ticket as is sold at the "box-office or ticket window" price. The same basis for collecting the City of Chicago three per cent (3%) shall apply to any "package" type of ticket that may be sold or given away by Lessee or agents of Lessee, this pertaining in particular to "tie-in" sale of space to exhibitor or other persons or parties of any other nature whatsoever, either paid for or given away by Lessee or other persons.

43. All tickets of admission, if any, shall be in a form satisfactory to and shall contain only such words and figures approved by the Port Director, and there shall be printed on the face of each ticket the following statement: "The City of Chicago, as Lessor, does not assume responsibility for the performance for which this ticket is issued"; and shall be prepared by a responsible printer at the sole expense of the Lessee, who shall furnish to the Port Director at least five (5) days before the event, a verified statement of the number of tickets (including complimentary tickets) printed and delivered to the Lessee for use at the event and of the price, if any, to be charged for each ticket. If and as soon as any other tickets are printed or used, the Lessee shall furnish a similar verified statement with respect thereto. A facsimile of each type and kind of ticket to be issued by the Lessee shall be submitted to the Port Director for his approval at least thirty (30) days prior to the time any ticket is offered for sale or distribution by the Lessee, or at the time of the execution of this agreement by the Lessee, whichever is the later.

44. If the premises or any part thereof are used for paid admission type of show, at the close of each day's performance of show, or at the end of each day, the Port Director or his representative shall be present to certify the official box office or ticket treasurer's daily report and shall be furnished at least three copies of the box office ticket report form sheet duly certified by an accredited representative of Lessee and the box office treasurer. On this form or an attached form shall be shown the number of other persons entering the premises on either complimentary, executive, staff, employee, service, performer or exhibitor type admission; however, reasonable allowance shall be made for visiting dignitaries or special admissions such as messengers, guards etc. or musical or parade organizations, or members of the Armed Forces of the United States or other countries.

45. The City of Chicago shall approve of the number and form of complimentary, press, etc., or free tickets that may be distributed—and the City of Chicago shall be entitled to such a number of such complimentary tickets as may be deemed necessary by the Port Director, such number shall not exceed fifteen (15%) of the number of free or complimentary tickets printed or made up by the Lessee or his agents. No exhibitor or concessionaire of Lessee shall issue any tickets either for admission or concession purposes, except with written approval of the Port Director.

46. All forms and types of credentials, identification cards or badges or ribbons or buttons that may be used to gain entrance to show, exhibition or fair, either by executives, staff members, employees of either the Lessee or his agents, exhibitors or operators of amusement enterprises, or performers, or any other person, or members of the press, radio or television or official photographers, shall be approved by the Port Director as to number and form.

47. If admission is charged for entrance to show or exhibition or fair, there shall be self counting turnstiles installed at entrance thereto and all persons permitted to gain entrance thereby, either as executive, staff, employee, exhibitor or performer or any other reason—including paid or complimentary admission, shall pass through such turnstile. Such turnstile count shall be immediately available to a responsible executive or officer or duly authorized person of the Fire Department, Building Department, or Port Director's staff for purposes of determining the number of persons then on the premises for reasons of safety or security.

48. Lessee hereby expressly waives any and all claims for compensation for any and all loss or damages sustained by reason of any defect, deficiency or impairment of the electrical and plumbing installations or any part thereof furnished for the premises hereby granted, or by reason of any loss or impairment of light or current or water which may occur from any cause, or for any loss or damage sustained by the Lessee resulting from fire, water, wind, and specifically from leaks in roof or skylights or doors caused by rainfall or other causes, civil commotion, riots or labor strikes; and the Lessee hereby expressly waives all rights, claims and demands, and forever releases and discharges the said Lessor or its officers and agents from any and all demands, claims, actions and causes of action arising from any of the causes aforesaid or in any manner whatsoever.

49. Lessee agrees that no performance, exhibition, or entertainment shall be given or held on the Navy Pier which are illegal, indecent, obscene, lewd, immoral or in any manner publicly offensive, then said Port Director shall have the right to demand of Lessee that he immediately delete such portions of the production as are subject to such criticism, or to rewrite or have changed the said attraction so that it will not be publicly offensive, and the Lessee agrees immediately upon receipt by it of such notice to make the required changes and deletions.

50. Lessee hereby expressly waives any and all claims for compensation for any and all loss or damages sustained by reason of any interference by any public agency or official acting in the performance of their official duties, in the operation of the Navy Pier, however, such interference shall not relieve the Lessee from any obligations hereunder.

51. Lessee agrees that nothing herein contained shall create or be construed as creating a co-partnership between the Lessor or any department or employee of the Lessor and the Lessee or to constitute the Lessee as agent of the Lessor or any department or employee of the Lessor.

52. Lessee agrees that within not less than ten (10) days prior to the opening date of the Lessee's show under this lease, the Lessee shall furnish the Lessor policies of insurance written by insurance companies to be approved by the City Comptroller and in the amounts required by Lessor, insuring

Lessor against any and all claims for damage, death, injury and loss to persons and property, and against any and all suits or actions on account of any of the same that may be filed against the Lessor and each and every member, department and employee of the City of Chicago, or the Lessor as a result of this final rental agreement and any occupancy or use of the premises under this rental agreement. In no event shall public liability insurance be less than $100,000.00 on account of injury or death to one person, and $300,000.00 on account of multiple injuries or death, nor less than $25,000.00 on account of loss or damage to property. All such policies of insurance shall be accompanied by receipts showing payment of premiums in full.

53. The Lessee shall not transmit a description of any portion of its operation by means of radio broadcasting or television without first having received permission to do so from the Port Director.

54. The Lessor reserves the right to cancel this agreement if the Lessee shall be engaged in advocating perversion of, or resistance to Local, State and Federal Laws, or be identified with communistic organizations, or organizations advocating resistance to our form of government, and the return of any deposit made shall settle all alleged claims the Lessee may have against the City of Chicago thereby.

55. No alterations, variations, or additions in or to the terms of this contract shall be valid unless in writing and signed by the parties hereto.

56. This contract shall be construed in accordance with the laws of Illinois and any action hereon may be brought in the Courts of Cook County.

Chambers, a minor, Plaintiff-Appellee* v. *James Palaggi, Anthony Calace and City of Chicago, Defendants, Illinois Appellate Court Nos. 51867 and 51285 (Consolidated).* This action was brought on behalf of plaintiff, a minor, for personal injuries based on negligence of the defendants. Judgment was entered against all defendants by jury verdict and appeal was prosecuted by City, and the Appellate Court ruled the lower court improperly instructed the Jury that failure of defendant, truck-owner Palaggi to maintain insurance was a factor for consideration in determining City's negligence; also that truck driver was not at the time of the accident an employee of the City of Chicago, therefore the Appellate Court reversed the judgment against the City and remanded the above cause with instructions to enter judgment for the City of Chicago and against the plaintiff, notwithstanding the jury verdict.—*Placed on File.*

COMMITTEE ON COMMITTEES AND RULES.

Committee on Committees and Rules Directed to Initiate Study of Population Change Within Wards to Determine Necessity of Redistricting Wards in City Prior to Future Municipal Elections.

The Committee on Committees and Rules submitted the following report:

CHICAGO, November 1, 1967.

To the President and Members of the City Council:

Your Committee on Committees and Rules begs leave to recommend that Your Honorable Body Pass the proposed resolution transmitted herewith (which was referred to Your Committee on July 7, 1967) to direct the Committee on Committees and Rules to initiate a study of population changes within the wards to determine the necessity of redistricting the wards in the City of Chicago.

This recommendation was concurred in by 8 members of the committee, with no dissenting vote.

Respectfully submitted,

(Signed) HARRY L. SAIN,
Chairman.

Alderman Sain moved to *Concur In* the committee's recommendation and adopt the proposed resolution transmitted therewith.

Alderman Despres presented the following proposed resolution and moved to substitute and to pass said new proposed resolution for the proposed resolution recommended by the committee:

WHEREAS, In 1961, prior to the time when the Supreme Courts of the United States and of Illinois had fully clarified the reapportionment obligations of legislative bodies, the Committee on Rules presented census figures to the City Council and recommended a malapportionment of the Wards which the City Council adopted; and

WHEREAS, The present apportionment of the City Council violates the mandates of the Supreme Courts, disregards the rule of one citizen—one vote, rests on variations as great as 33⅓%, and exhibits no reason or grounds for such malapportionment, now therefore, the Committee on Rules is directed promptly to prepare a redistricting ordinance under the 1960 census which will eliminate the malapportionment of the present redistricting ordinance and provide for one citizen—one vote as close as may be, but in any event with variations not greater than one per cent either way.

Alderman Keane moved to *Lay the Motion to Substitute on the Table.* The motion to Lay on the Table *Prevailed.*

The main question thereupon being put, on the adoption of the pending proposed resolution as recommended by the committee, the motion Prevailed and said proposed resolution was *Adopted.*

The following is said resolution as adopted:

WHEREAS, The City Council of the City of Chicago, in conformity with the statutes of the State of Illinois, by ordinance redistricted the wards of the City of Chicago on July 28, 1961, based upon the population census reported by the United States Department of Commerce, Bureau of Census, as of April 1, 1960; and

WHEREAS, Recent decisions of the United States Supreme Court have been concerned with the application of now established principles of apportionment to voting districts such as wards within a municipality wherein representatives thereof, such as aldermen, perform legislative functions, as in the City of Chicago; and

WHEREAS, The City Council wishes to comply with the Supreme Court decisions as well as the application of the general principle of "one man, one vote" to representation within the wards of the City of Chicago; now, therefore,

Be It Resolved, By the Members of the City Council of the City of Chicago, That the Committee on Committees and Rules of the City Council initiate a study of population changes within the wards of the City together with a study of recent Supreme Court decisions relating to apportionment, with the advice, counsel and assistance of the Corporation Counsel, so as to determine whether it is necessary to redistrict the wards in the City of Chicago to conform the same with existing population and principles of law, and that said Committee shall make a report and recommendations to the City Council with respect to its findings in sufficient time to permit any suggested changes to be adopted prior to the holding of any future municipal elections.

Alderman Marzullo, Chairman of the Committee on Local Transportation, submitted the following communication, which was, together with committee's Annual Report for the Year 1966 transmitted therewith, *Placed on File:*

CITY COUNCIL
COMMITTEE ON LOCAL TRANSPORTATION
CITY OF CHICAGO

Honorable Richard J. Daley, Mayor
and Members of the City Council
City of Chicago:

GENTLEMEN—The Committee on Local Transportation herewith submits its annual report of activities in the field of mass transportation for the year 1966.

The principal concern of the Committee and its Staff is service rendered by the mass transportation agencies and the implementation thru legislation, of the ways and means of providing the best service possible.

The Staff during the past year, has been occupied with the investigation and adjustment of complaints regarding overcrowding, irregular intervals, reduction in service, requests for extension of facilities and safety of operation.

Parking of automobiles and resulting congestion on City streets are major problems in Chicago as in all other large population centers. The public and those entrusted with transit planning and operation are cognizant of the role of mass rapid transit in alleviating conditions which plague our large cities.

The Committee represented by its Engineer and the Corporation Counsel intervened in proceedings before the Illinois Commerce Commission in all matters affecting service to riders of Chicago. The Staff analyzed petitions of suburban rail and bus carriers, and conducted surveys to ascertain if requested changes could be affected without impairing essential services.

Data gathered by the Staff enables its Engineer, Ralph F. Gross, to determine if requests for taxicab stands, bus stands and bus stops at various locations throughout the city could be granted without seriously impeding the flow of moving traffic.

In its numerous investigations the Staff has had the cooperation of other departments and agency personnel for which we extend our sincere thanks.

Also I wish to commend the employes of the Staff for their efforts which were of invaluable assistance to the Committee in its deliberations on transportation matters concerning the City of Chicago.

Respectfully submitted,

(Signed) VITO MARZULLO,
Chairman.

The above elevations as filed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersection alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described, after removing trees therefrom, shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the road-

bed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadways of said alleys shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screening and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degree F. shall be uniformly applied by a pressure distributed at a rate of one and one-half (1½) gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R.S. 1 and R.S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: The asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Course, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45. 11p. 247 State Specifications).

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6 Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Farenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half

(5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degree Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the tickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

POZZOLANIC BASE COURSE.

IV-2. On the subgrade as formed and compacted shall be placed and compacted to the depth shown on the plans and as herein provided:

(a) The pozzolanic base course shall be constructed in layers not more than 6 inch (compacted) in thickness. When the thickness specified is more than 6 inches the base course shall be constructed in 2 or more approximately equal layers. Each layer shall be deposited, full-lane width, directly on the prepared subgrade or on the preceding layer of compacted mixture with a mechanical spreader box of a type approved by the Engineer. Where the base must be constructed in more than one layer, the previous layer shall be maintained in a moistened condition until the succeeding layer is placed. After having been tested for density and approved by the Engineer, the previous layer shall be raked to a depth of one inch and dampened with water immediately prior to placing the succeeding layer so that the layers are in it together. The second layer must be placed the same day as the first layer. The Engineer of the Board of Local Improvements shall determine when the base course shall be constructed in one or more lifts. When placed, the pozzolanic mixture shall be free from segregation and shall require minimum blending and manipulation. Immediately after placing, the mixture shall be compacted with a pneumatic-tired roller, or with a vibratory compactor, or with a combination of the two. The base course, shall be given a final rolling with a three wheel or tandem roller. If the pozzolanic base is placed on gradual sub-base, the pozzolanic base shall be compacted to at least 100 per cent of maximum density except that if more than one layer is required the first layer shall be compacted to 97% of maximum density and succeeding layers shall be compacted to 100% of maximum density.

(b) All pozzolanic mixture shall be placed and compacted the same day as it is mixed. The entire base course within the increment of work shall be completed within 24 hours.

(c) Except in specific cases, when otherwise permitted by the Engineer the pozzolanic base course mixture shall be placed between April 15 and October 15 and only when the temperature is 40 or more.

(d) The three wheel or tandem rollers shall weigh from 6 to 10 tons and shall weigh not less than 200 pounds nor more than 325 pounds per inch width of roller. The compression developed by the pneumatic-tired roller shall be not less than 225 pounds per inch of tire width.

IV-4. MATERIALS. All materials shall conform to the following requirements:

(a) Lime. High-calcium hydrated lime or monohydrated dolomitic lime shall be used. The lime shall have a total oxide (calcium and magnesium) equivalent of not less than 85 per cent and a loss of ignition of not more than 25 per cent. Monohydrated dolomitic lime shall have only the calcium component hydrated. Exposure of the lime to air shall be held to a minimum. If more than 10 per cent of the lime has reverted to a carbonate, it shall not be used.

(b) Fly ash. The pozzolan, prior to dampening thereof to alleviate the dust problem shall comply with the requirements of AST Designation: C-379 or C-432 with 10% maximum loss on ignition. The tests prescribed by this specification shall be performed at the option of the Engineer. At the time of mixing the pozzolan shall be in a finely divided condition such that 95% shall pass a ½ inch sieve when dry-sieved.

(c) Coarse Aggregate. The coarse aggregate shall be gravel, crushed stone, crushed slag or boiler slag meeting the following requirements:

(1) Gravel, crushed stone or crushed slag. The gradation for all three materials, shall be as follows:

No. 200	
(gravel)	0- 10%
(crushed stone & slag)	0- 15%

(2) Boiler slag. The slag shall be wet bottom boiler slag produced as a by-product of a power plant burning pulverized bituminous coal. The slag shall be composed of hard durable particles and shall be free of excessive or harmful amounts or foreign substances. Boiler slag or granulated slag in an oven dry condition shall meet the following gradation requirements:

Sieve	*Per Cent by Weight Passing*
No. 4	80-100%
No. 10	55- 90%
No. 40	0- 25%
No. 200	0- 10%

Note: Granulated slag will be permitted only when authorized in writing by the Engineer.

(d) Samples. The contractor, shall at his own expense, submit to the Engineer a minimum of 25 pounds of lime, 100 pounds of fly ash and 150 pounds of the course aggregate which he proposed for use in the pozzolanic mixture. The lime, when sampled, shall immediately be placed in a sealed container and shall be kept sealed. Samples shall be furnished at least 45 days prior to the construction of the pozzolanic base course. The samples as submitted will be tested for acceptance of materials and also to determine whether or not they will produce a satisfactory mixture; and will be used to determine preliminary proportions for the mixture composition.

IV-4. COMPOSITION OF MIXTURE.

(a) The lime, pozzolan and aggregate shall be proportioned within the following limits on a dry-weight basis:

PERCENT BY WEIGHT OF TOTAL DRY MIXTURE

Ingredient	*Gravel, Crushed Stone, Crushed Slag or Aggregate Blend*	*Boiler Slag*
Lime	2- 5	2- 4
Pozzolan	8-16	15-30
Aggregate	79-90	56-78

(b) The actual proportions of lime, pozzolan, water and aggregate will be set by the Engineer before work begins and will be based on tests conducted on mixtures composed of samples of the constituent materials furnished by the Contractor. The right is reserved by the Engineer to make such changes in proportions during the progress of the work as he may consider necessary.

(c) The composition of the mixture shall be such that when molded into cylinders, cured and tested as stated in the following paragraph, each cylinder shall have a minimum compressive strength of 450 psi and a maximum weight loss of 14% after 12 cycles of freezing and thawing.

(d) Test cylinders shall be molded at the optimum moisture content and maximum density in accordance with AASHO Designation T 180, Method C, except that the 5 lift requirement is replaced with 3 lifts and no replacement of coarse aggregate (+¾ inch sieve) is made. The molded specimens shall immediately be placed in an oven with forced air circulation for 7 days at 100+3 F. At the end of 7 days, the test cylinders for compressive strength testing shall be removed from the containers, allowed to cool to room temperature, soaked for four hours capped and broken for compressive strength within one hour of time of removal from water. The specimens to be tested for freeze-thaw resistance shall be cured in the same manner as the strength specimens without the 4 hour soaking period. After curing the specimens shall be subjected to 12 cycles of freezing and thawing in accordance with AASHO Designation: D 560, sections 5, 9 and 10 pertaining to specimen No. 2 (weight loss specimen).

IV-5. MIXING.

(a) The constituents of the mixture shall be accurately proportioned and thoroughly mixed in a mechanical mixer at a central mixing plant. The measuring devices for proportioning the mixer, either by volume or by weight shall be of such accuracy that the proportions of the mixture based on total dry weight will be maintained within the following tolerances:

Lime	+0.3 percent by weight
Fly ash	+1.5 percent by weight
Aggregate	+2.0 percent by weight.

(b) The equipment used must be provided with means, meeting with approval of the Engineer, for calibration and check tests of measuring devices. In all plants, the water shall be proportioned by weight or volume and there shall be means by which the Engineer may readily verify the amount of water per batch or the rate of flow for continuous mixing. The contractor shall provide a platform scale and make arrangements for the use of a certified truck scale of sufficient capacity for calibration and periodic check tests of the feeders or measuring devices as needed during production.

(c) The mixer shall be capable of producing a uniform mixture. Mixing operations shall be continued until all ingredients are distributed evenly throughout the mixture and a uniform mixture, free of segregation, is obtained. SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to approval as to form and legality of the Corporation Counsel, are authorized to execute in behalf of the City of Chicago an agreement with Miller Airmotive, Inc. said agreement to be in substantially the following form:

This Agreement made this ..... day of ..... A.D. ....., between the City of Chicago, a municipal corporation of the State of Illinois, hereinafter called "Landlord" and Miller Airmotive, Inc. a corporation organized and existing by virtue of the laws of the State of Michigan, doing business as Miller Airlines hereinafter called "Tenant".

Witnesseth:

Meigs Field hereinafter called "Airport" in the City of Chicago, Counties of Cook and DuPage, State of Illinois.

This agreement shall consist of three parts:

Part I - General Conditions
Part II - Special Conditions numbered 1 to 7
Part III - Exhibits and Attachments lettered A

All constituting the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences, shall be implied or impressed upon such agreement that are not set forth herein at length.

This ordinance also contains "Part I—General Conditions" containing Articles 1 to 17 inclusive and common to similar airport ordinances, referred to in the Journal of the Proceedings of August 14, 1967 at page 698, as "Part I—General Conditions".

PART II—SPECIAL CONDITIONS

1. The first paragraph of Article IX, General Conditions, reading as follows:

"Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with any and all regulations promulgated by Landlord or the Commissioner, or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public."

shall be and is hereby changed to read as follows:

Landlord hereby grants to Tenant, subject to a similar right of other tenants in the joint space, the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with any and all regulations promulgated by Landlord or the Commissioner, or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public.

2. *Premises*

Landlord, for and in consideration of the covenants and agreements herein mentioned, to be kept and performed by both parties hereto, does hereby allow Tenant to use, in common with other commercial aircraft operators whom Landlord may from time to time allow to use the same space for the same purpose, the space located in the Terminal Building at Merrill C. Meigs Field which is outlined in red on Exhibit "A" attached hereto and by this reference made a part hereof.

3. *Purpose*

Tenant agrees that the premises herein demised are to be used solely in connection with its business of air transportation.

4. *Term*

The term of this agreement shall be for a period of one (1) year commencing on ....., the date of approval of ordinance by the City Council of the City of Chicago. It is understood and agreed that notwithstanding the above term either party may cancel this agreement on thirty (30) days notice to the other party in writing of its election so to do.

5. *Rental*

Tenant shall pay Landlord, at the office of the Comptroller, as rental for such use and occupancy, the sum of Seventy-Five and no/100 Dollars ($75.00) per month, payable in advance on the first day of each month during the term of this agreement.

Tenant shall further pay Landlord, at the office of the Comptroller, as rental for such use and occupancy for each month, the sum of Two Hundred Fifty and no/100 Dollars ($250.00) per month, payable in advance on the first day of such month during the term of this agreement. Payment due in landing fees for operation at Merrill C. Meigs Field during such month, as required hereinafter pursuant to Section 7, may be offset against said further rental of $250.00 per month, but the amount of any Meigs landing fees incurred by Tenant exceeding said further rental for the month shall be paid as prescribed in Section 7.

If any rental hereunder commences after the first day or terminates prior to the last day of any month, such rental for such month shall be determined on a pro-rata basis according to the number of days of such month involved.

6. *Performance Bond*

At the time of the execution hereof, Tenant shall execute and deliver to the Comptroller a Performance Bond in the amount of One Thousand Nine Hundred Fifty and No/100 Dollars ($1,950.00), in form and type as to be determined solely by the Comptroller, which bond shall guarantee faithful performance of the provisions of the contract.

7. *Operation*

Tenant agrees that it shall keep and maintain records of all landings made at Merrill C. Meigs Field, Chicago Midway Airport and Chicago-O'Hare International Airport, in form as approved by the Comptroller, and shall remit to Comptroller, with itemized report of landings, copy of which shall go to the Commissioner, on or before the 15th day of the month following, payment for all such landings made during the preceding month, or portion thereof. Said payment is to be computed on landing fees, but not parking fees, then in effect as outlined in Chapter 37 of the Municipal Code of Chicago. Landing fees shall not be assessed for any landing of a shuttle flight between Chicago Midway Airport and Merrill C. Meigs Field, or for any landing of an aircraft returning to the airport from which it took off because of meteorological conditions, mechanical or operating causes, or any similar emergency or precautionary reason. Since Chicago-O'Hare International Airport landing fee is subject to change every calendar half-year, Commissioner shall advise Tenant of the specific fee to be in effect at Chicago-O'Hare International Airport for each such period, at least fifteen (15) days in advance of such period. It is understood and agreed that Tenant shall not, without prior approval of Landlord, operate a scheduled air transportation business from either Chicago-O'Hare International Airport or Chicago Midway Airport. It is further understood that it is not the intent of Landlord to make available any area at Merrill C. Meigs Field to any agency for installation of electronic navigational facilities intended for use in routine Instrument Flight Rule (IFR) operations, it being the primary function of said airport to provide only for Visual Flight Rule (VFR) operations.

In Witness Whereof, the parties hereto have caused this instrument to be signed in triplicate under their respective seals on the day and year first above written.

Court Decision.

A communication from the Department of Law, signed by Henry Novoselsky, Assistant Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division advising the City Council that on November 20, 1967, the Illinois Appellate Court rendered an opinion in the cause entitled *Maurice Foerkert, et al.,* v. *Board of Zoning Appeals, et al., Illinois Appellate Court No. 51662,* affirming the judgment of the Circuit Court of Cook County which had affirmed the decision of the Zoning Board of Appeals granting a variation to the defendant property owners. The defendant property owners had sought and received from the Zoning Board of Appeals a variation allowing them to construct a two-story brick three-apartment addition to an existing building in the Old Town area. The brief of the property owners, however, misconstrued the variation granted by the Board and contended that they were granted the right to construct a four-apartment addition which further was to be connected to the principal building by a canopy, resulting in a detached building in violation of the zoning ordinance. The Appellate Court construed the decision of the Board to be that the authorized addition must be joined to the present structure by a party wall or walls.—*Placed on File.*

Action Deferred—ON PROPOSED ORDINANCE TO INCREASE MESSAGE TAX RATE FROM TWO PERCENT TO FIVE PERCENT.

The Committee on Finance submitted the following report, which was at the request of two aldermen present (Alderman Hoellen and Alderman Sperling) *Deferred* and ordered published:

CHICAGO, November 28, 1967.

To the President and Members of the City Council:

Your Committee on Finance, to which was referred (on November 15, 1967) a communication from Mayor Richard J. Daley dated November 15, 1967 transmitting a proposed ordinance to amend Section 132-31 of the Municipal Code of Chicago by inserting a new paragraph immediately following the first paragraph to increase the message tax rate from two to five per cent, having had the same under advisement, begs leave to report and recommend that Your Honorable Body pass the proposed ordinance transmitted herewith.

This recommendation was concurred in by 27 members of the committee, with no dissenting vote.

Respectfully submitted,

(Signed) THOMAS E. KEANE,
Chairman.

The proposed ordinance transmitted with the foregoing committee report, reads as follows:

Whereas, The General Assembly of the State of Illinois has authorized the corporate authorities of any municipality to impose a tax upon persons engaged in the business of transmitting messages by means of electricity at a rate not to exceed five per cent of the gross receipts from such business orginating within the corporate limits of the municipality; and

Whereas, The General Assembly has indicated that such utility may charge its customers an amount equal to such municipal tax; and

Whereas, The Supreme Court of the State of Illinois in the City of East St. Louis vs. Union Electric Company (September 27, 1967) 37 Ill. 2d 532, held that the utility tax in substance was not a tax upon the utility company but rather a tax upon the customers who ultimately pay the tax; and

Whereas, A tax upon those persons engaged in the business of transmitting messages by means of electricity has been imposed at the rate of two per cent of the gross receipts from such business, which tax has been passed on to their customers; and

Whereas, It is the intention of the City Council of the City of Chicago that the increase in this rate hereinafter proposed in this ordinance shall likewise be passed on to the customers of those businesses engaged in transmitting messages by means of electricity; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. Section 132-31 of the Municipal Code of the City of Chicago is amended by inserting the following language immediately following the first paragraph:

"A tax is imposed upon all persons engaged in the business of transmitting messages by means of electricity at the rate of three per cent of the gross receipts from such business after December 31, 1967, originating within the corporate limits of the city. This tax is in addition to the tax imposed at the rate of two per cent of the gross receipts of such business contained in the first paragraph of this section so that subsequent to December 31, 1967, a tax is imposed upon all persons engaged in the business of transmitting messages by means of electricity at the rate of five per cent of the gross receipts from such business."

Section 2. In all other respects Sections 132-30 through 132-42 of the Municipal Code of Chicago being and pertaining to a tax imposed upon all persons engaged in the business of transmitting messages by means of electricity be, and the same hereby are, in full force and effect.

Section 3. This ordinance shall be in full force and effect from and after its passage and due publication.

The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

Monthly Report of Dept. of Medical Examination and Emergency Treatment.

A report of the Department of Medical Examination and Emergency Treatment for the month of November, 1967.—*Placed on File.*

Court Decision.

Also a communication from the Department of Law, signed by Joseph N. Lascaro, Assistant Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division advising the City Council that the Illinois Appellate Court on November 17, 1967 rendered an opinion in a cause entitled *Daley* v. *Johnson, et al., Illinois Appellate Court No. 52064* which reversed the judgment of the Circuit Court of Cook County. The Circuit Court had affirmed the order of the License Appeal Commission reversing the order of the Local Liquor Control Commissioner revoking the liquor license of the defendant Johnson for the premises at No. 1004 N. Wells Street. The case was remanded with directions to sustain the findings of the Local Liquor Control Commissioner. The defendant's license was revoked because he permitted his bartender to use the licensed premises for the purposes of solicitation for prostitution. The Illinois Appellate Court in reversing the judgment of the Circuit Court stated that under the Administrative Review Act, the Court had no authority to reweigh the evidence and make an independent determination of the facts; it is limited to a consideration of the record to determine if the evidence and order of the administrative agency are against the manifest weight of the evidence. For these reasons the license revocation in question was sustained.—*Placed on File.*

Also applications (in triplicate) of the persons named below, together with proposed ordinances, for amendment of the Chicago Zoning Ordinance as amended, for the purpose of reclassifying particular areas, which were *Referred to the Committee on Buildings and Zoning,* as follows:

If Lessee, or any one or more of the Lessees, if there be more than one, shall make an assignment for the benefit of creditors, or shall be adjudged a bankrupt, Lessor may terminate this lease, and in such event Lessee shall at once pay Lessor a sum of money equal to the entire amount of rent reserved by this lease for the then unexpired portion of the term hereby created, as liquidated damages.

THIRD:—Lessee shall not permit any unlawful or immoral practice, with or without his knowledge or consent, to be committed or carried on therein by himself or by any other person whomsoever; nor for any use other than hereinbefore specified nor allow said premises to be used for any purpose that will increase the rate of insurance thereon, nor keep or use or permit to be kept or used in or on said premises, or in or on any place contiguous thereto, any inflammable fluids or explosives without the written permission of Lessor first had and obtained; nor for any purpose whatsoever that will injure the reputation of the premises, or of building which they form a part, or which will disturb the tenants of said building or the inhabitants of the neighborhood.

FIFTH:—Lessee shall keep the said premises and appurtenances thereto in said demised premises in a clean, sightly and healthy condition, and in good repair, all according to the statutes and ordinances in such cases made and provided, and the directions of public officers thereunto duly authorized, all at his own expense, and shall yield the same back to Lessor upon the termination of the said lease, whether such termination shall occur by expiration of the term, or in any other manner whatsoever, in the same condition of cleanliness, repair and sightliness as at the date of the execution hereof, loss by fire and reasonable wear and tear excepted. Lessee shall make all necessary repairs and renewals upon said premises and replace broken globes, glass and fixtures with material of the same size and quality as that broken and shall insure all glass in windows and doors of said premises at his own expense. If, however, the said premises shall not thus be kept in good repair and in a clean, sightly and healthy condition by Lessee, as aforesaid, Lessor may enter the same, himself or by his agents, servants or employes, without terminating or constituting a termination of this lease or an interference with the possession of the premises by Lessee, and Lessor may replace the same in the same condition of repair, sightliness, healthiness and cleanliness as existed at the date of execution hereof, and Lessee agrees to pay Lessor, in addition to the rent hereby reserved, the expenses of Lessor in thus replacing the premises in that condition. Lessee shall not cause or permit any waste, misuse or neglect of the water, or of the water, gas or electric fixtures.

SIXTH:—Lessee shall allow Lessor, his agents, employes or servants, or any other person thereunto authorized by Lessor, free access to the premises hereby leased for the purpose of examining the same, to ascertain if the same are in good repair and in a clean, sightly and healthy condition, and to make such repairs or alterations as Lessor may see fit to make, and to exhibit the same to prospective purchasers of the building in which said premises are contained, and to prospective tenants in the place of Lessee, and for the last mentioned purposes to allow to be placed in and upon said premises, at such places as may be directed by Lessor, notices of "For Rent"; and Lessee undertakes and agrees that neither he nor any person within his control will interfere with said notices when thus placed. Lessor shall have the right of access herein mentioned with or without Lessee's consent. If Lessee or any person under his control, shall refuse or fail to allow access to said premises as in this paragraph provided, or to allow the placing of any "For Rent" notice as in this paragraph provided, or shall interfere with any such notice, he shall pay to Lessor, as liquidated damages and not a penalty, for each such violation a sum equivalent to three months' rent, it being recognized that the actual damages caused by such violations, while real and substantial are very difficult, if not impossible, of ascertainment.

SEVENTH:—Lessor shall not be liable to Lessee for any damage or injury to him or his property occasioned by the failure of Lessor to keep said premises in repair, and shall not be liable for any injury done or occasioned by wind or by or from any defect of plumbing, electric wiring or of insulation thereof, gas pipes, water pipes or steam pipes, or from broken stairs, porches, railings or walks, or from the backing up of any sewer pipe or down-spout, or from the bursting, leaking or running of any tank, tub, washstand, water closet or waste pipe, drain, or any other pipe or tank in, upon or about said building or premises nor from the escape of steam or hot water from any radiator, it being agreed that said radiators are under the control of Lessee, nor for any such damage or injury occasioned by water, snow or ice being upon or coming through the roof, skylight, trap-door, stairs, walks or any other place upon or near said premises, or otherwise, nor for any such damage or injury done or occasioned by the falling of any fixture, plaster or stucco, nor for any damage or injury arising from any act, omission or negligence of co-tenants or of other persons, occupants of the same building or of adjoining or contiguous buildings or of owners of adjacent or contiguous property, or of Lessor's agents or Lessor himself, all claims for any such damage or injury being hereby expressly waived by Lessee.

EIGHTH:—Lessee shall not attach, affix or exhibit or permit to be attached, affixed or exhibited, except by Lessor or his agent, any articles of permanent character or any sign, attached or detached, with any writing or printing thereon, to any window, floor, ceiling, door or wall in any place in or about said premises, or upon any of the appurtenances thereto, without in each case the written consent of Lessor first had and obtained; and shall not commit or suffer any waste in or about said premises; and shall make no changes or alterations in the premises by the erection of partitions or the papering of walls, or otherwise, without the consent in writing of Lessor; and in case he shall affix additional locks or bolts on doors or window, or shall place in said demised premises, lighting fixtures or any fixtures of any kind, without the consent of Lessor first had and obtained, such locks, bolts and fixtures shall remain for the benefit of Lessor, and without expense of removal or maintenance to Lessor. Lessor shall have the privilege of retaining the same if he desires. If he does not desire to retain the same, he may remove and store the same, and Lessee agrees to pay the expense of removal and storage thereof.

NINTH:—Where building is equipped for the purpose, Lessor shall furnish to Lessee, in the radiators a reasonable amount of hot water or steam heat at reasonable hours, if the weather and temperature require it from the 1st day of October until the 30th day of April of the succeeding year for the use of Lessee, except when prevented by strike, accident, or other cause beyond the control or prevention of Lessor, and except during the repairing of the apparatus provided in said building for the furnishing of said heat. Lessor shall not be held liable for any injury or damage whatsoever which may arise or accrue from his failure to furnish heat, regardless of the cause of such failure, all claims for such injury or damage being hereby expressly waived by Lessee. The provisions of this paragraph shall not apply unless in space immediately following, Lessor shall expressly agree to furnish heat.

TENTH:—In case said premises shall be rendered untenantable by fire, explosion or other casualty, Lessor may, at his option, terminate this lease or repair said premises within sixty days. If Lessor does not repair said premises within said time, or the building containing said premises shall have been wholly destroyed, the term hereby created shall cease and determine.

ELEVENTH:—At the termination of this Lease, by lapse of time or otherwise, Lessee shall yield up immediate possession to Lessor, and return the keys to said demised premises

REVISED FEBRUARY 1932

to Lessor at the place stipulated herein for the payment of rent, and failing so to do, shall pay as liquidated damages for the whole time such possession is withheld a sum equal to twice the amount of the rent herein reserved, pro-rated and averaged per day of such withholding. But the provisions of this clause and the acceptance of any such liquidated damages by Lessor shall not constitute a waiver by Lessor of his right of re-entering as hereinafter set forth, nor shall any other act in apparent affirmance of the tenancy operate as a waiver of the right to terminate this lease or operate as an extension thereof.

TWELFTH:—If Lessee shall vacate or abandon said premises or permit the same to remain vacant or unoccupied for a period of ten days, or in case of the non-payment of the rent reserved hereby, or any part thereof, or of the breach of any covenant in this lease contained, Lessee's right to the possession of the demised premises, thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Lessee shall constitute a forcible detainer of said demised premises, and if the Lessor so elects, but not otherwise, and with or without notice of such election or any notice or demand whatsoever, this lease shall thereupon terminate, and upon the termination of Lessee's right of possession, as aforesaid, whether this lease be terminated or not, Lessee agrees to surrender possession of the demised premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the demised premises whatsoever, and hereby grants to Lessor full and free license to enter into and upon said premises or any part thereof, to take possession thereof with or without process of law, and to expel and to remove Lessee or any other person who may be occupying the said premises or any part thereof as a member of his family or otherwise, and Lessor may use such force in and about expelling and removing Lessee and said other person as may reasonably be necessary, and Lessor may re-possess himself of the said premises as of his former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause a forfeiture of rents due by virtue thereof, nor a waiver of any covenant, agreement or promise in said lease contained, to be performed by Lessee. Lessee hereby waives all notice of any election made by Lessor hereunder, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this state relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or by the common law, during the term of this lease or any extension thereof. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Lessee, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express written waiver, shall not be construed as a waiver of Lessor's right to act without notice or demand or of any other right hereby given Lessor, or as an election not to proceed under the provisions of this lease.

THIRTEENTH:—If Lessee's right to the possession of said premises shall be terminated in any way, said premises, or any part thereof, may, but need not, be relet by Lessor, for the account and benefit of Lessee, for such rent and upon such terms and to such person or persons and for such period or periods as may seem fit to the Lessor, but Lessor shall not be required to accept or receive any tenant offered by Lessee, nor to do any act whatsoever or exercise any diligence whatsoever, in or about the procuring of another occupant or tenant to mitigate the damages of Lessee or otherwise, Lessee hereby waiving the use of any care or diligence by Lessor in the reletting thereof; and if a sufficient sum shall not be received from such reletting to satisfy the rent hereby reserved, after paying the expenses of reletting and collection, including commissions to agents, which shall be figured and allowed to Lessor at the rate of five per cent on the total amount of the rent reserved by such reletting, but in no event to be less than Ten Dollars, and including also expenses of redecorating, Lessee agrees to pay and satisfy all deficiency but the acceptance of a tenant by Lessor, in place of Lessee, shall not operate as a cancellation hereof, nor to release Lessee from the performance of any covenant, promise or agreement herein contained, and performance by any substituted tenant by the payment of rent, or otherwise, shall constitute only satisfaction pro tanto of the obligations of Lessee arising hereunder.

FOURTEENTH:—Lessee shall pay and discharge all costs, expenses and attorney's fees, which shall be incurred and expended by Lessor in enforcing the covenants and agreements of this lease, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

FIFTEENTH:—If default be made in the payment of the rent hereinabove reserved or any installment thereof, or any part thereof, or if default be made in any of the covenants or agreements herein contained, or if Lessee shall vacate or abandon said premises, or if Lessee shall from time to time, to waive the benefit of, or any advantage arising from, any valid defense to any suit, action or proceeding at law or in equity which may be brought against Lessor upon any covenant, condition or agreement herein contained, or to any notice or demand hereof, or to waive any statutory right or privilege which Lessee may have, or to waive any statutory notice to which Lessee may be entitled to receive, or to waive any statutory provision now or hereafter in force, which may in any manner affect any covenant, condition or agreement herein contained, or to waive any benefit that might accrue to Lessee by virtue of any present or future law by reason of the omission by Lessor to take advantage of any default on the part of Lessee, or to waive any forfeiture by Lessee by reason of any default on the part of Lessee, or to waive any of the benefits which Lessee might derive from the proper application of any bankrupt act, or to waive any of the benefits which Lessee might derive from the proper application of any present or future law providing for the stay of enforcement of any claim against Lessee after the filing of a petition in bankruptcy by or against Lessee, or for the postponement of the enforcement of any claim against Lessee which may arise after the filing of a petition in bankruptcy by or against Lessee, or to waive any exemption of the property of Lessee from levy and sale upon any execution or other process issued upon any judgment recovered against Lessee, or to waive any and all errors which may intervene in any such proceedings, and waives all right of appeal and right to writ of error, and consents that a judgment in unlimited ejectment may be entered forthwith upon the filing of this lease, together with an affidavit by any attorney of any of the courts of record of the State of Illinois, setting forth any default by Lessee hereunder, and waives all right to any notice of such confession of judgment, and does hereby authorize and empower any attorney of any court of record in the State of Illinois, to appear for Lessee in such court, and confess judgment against Lessee in favor of Lessor, his heirs, executors, administrators or assigns, and to release all errors which may intervene in any such proceedings, and consents to immediate execution upon any such judgment, and waives and releases all benefit that might accrue to Lessee by virtue of any law now or hereafter in force, giving Lessee the right to have the property about to be levied upon, or any part thereof, appraised before sale, or providing for any valuation or appraisement before sale of any property levied upon, and does hereby expressly empower any such attorney to waive the issuing and service of process in any such proceedings, and to enter his appearance in any court which may be selected by Lessor hereunder, and does hereby authorize any such attorney to sell by virtue of any execution issued upon any such judgment, all or any part of the property of Lessee, or in which Lessee has any interest, which may be levied upon under any such execution, at public sale, without appraisement, and to make any deed of conveyance to the purchaser or purchasers at such sale, and to release

If the Lessor elects so to repair, restore or rehabilitate the building or the premises and does not substantially complete the same within the one hundred twenty day period, either party may terminate this lease as of the date of fire or casualty by notice to the other party not later than one hundred thirty days after the Lessor is entitled to take possession of the injured premises and undertake reconstruction or repairs. In the event of termination of the lease pursuant to Section 13, rent shall be apportioned on a per diem basis and be paid to the date of the fire or casualty.

The Lessee shall have no right to share in such award. Current Rent shall be apportioned to the date of such termination. 15. Lessor's Remedies: All rights and remedies of the Lessor herein enumerated shall be cumulative, and none shall exclude any other right or remedy allowed by law.

(a) If any voluntary or involuntary petition or similar pleading under any section or sections of any bankruptcy act shall be filed by or against the Lessee, or any voluntary or involuntary proceeding in any court or tribunal shall be instituted to declare the Lessee insolvent or unable to pay the Lessee's debts, and in the case of an involuntary petition or proceeding, the petition or proceeding is not dismissed within thirty days from the date it is filed the Lessee may plead, but is not required, and with or without notice of such election, and with or without entry or other action by the Lessor, to forthwith terminate this lease, and, notwithstanding any other provision of this lease, the Lessor shall forthwith upon such termination be entitled to recover damages in an amount equal to that then proved value of the rent specified in Section 1 of this lease for the residue of the stated term unexpired at the date of such termination, less the fair rental value of the premises for the residue of the stated term.

(b) If the Lessee defaults in the payment of rent, and the Lessee does not cure the default within ten days after demand for payment of such rent, or if the Lessee defaults in the prompt and full performance of any other provisions of this lease, and the Lessee does not cure the default within twenty days after demand therefor (if the default involves a hazardous condition) after written demand by the Lessor that the default be cured unless the default involves a hazardous condition, which shall be cured forthwith, or if the Lessee becomes insolvent, or if the household interest of the Lessee be levied upon under execution or be attached by process of law, or if the Lessee makes an assignment for the benefit of creditors, or if a receiver be appointed for any property of the Lessee, or if the Lessee abandons or vacates the premises, or if the Lessee abandons the premises in such event with or without process of law and to repossess the Lessor of the premises as of the Lessor's former estate and to expel or remove the Lessee and any other who may be occupying within the premises and to remove any and all property therefrom, using such force as may be necessary, without being deemed in any manner guilty of trespass, eviction or forcible entry and detainer and without relinquishing the Lessor's rights to rent or any other right given to the Lessor hereunder or by operation of law.

(c) If the Lessee abandons the premises or otherwise entitles the Lessor so to elect, and the Lessor elects to terminate the Lessee's right to possession only, without terminating the lease, the Lessor may, at the Lessor's option enter into the premises, remove the Lessee's property and other evidences of tenancy, and take and hold possession thereof as in Paragraph (c) of this Section 15 provided, without such entry and possession terminating the lease or releasing the Lessee, in whole or in part, from the Lessee's obligation to pay the rent hereunder for the full term. In such case the Lessee shall pay forthwith to the Lessor, if the Lessor so elects, a sum equal to the entire amount of the rent specified in Section 1 of this lease for the residue of the stated term unexpired, less the fair rental value of the premises for the residue of the stated term, whether the premises be relet or remain vacant, or, at the Lessor's sole discretion shall determine, and the Lessor shall not be required to accept any tenant offered by the Lessee, or to observe any instructions given by the Lessee about such reletting. In any such case the Lessor may make repairs, alterations and additions in or to the premises, and redecorate the same to the extent deemed by the Lessor necessary or desirable, and the Lessee shall upon demand pay the cost thereof, together with the Lessor's expenses of reletting. If the consideration collected by the Lessor upon any such reletting for the Lessee's account is not sufficient to pay monthly the full amount of the rent reserved in this lease, together with the costs of repairs, alterations, additions, redecorating and the Lessor's expenses, the Lessee shall pay to the Lessor the amount of each monthly deficiency upon demand, and it the consideration collected by the Lessor on account of such reletting is more than sufficient to pay the full amount of the rent reserved herein, together with the costs and expenses of the Lessor, the Lessor, at the end of the stated term of the lease, shall account for the surplus to the Lessee.

(d) In the event of any such default by the Lessee, then, in addition to any other rights or remedies the Lessor may have, the Lessor shall have the right to immediately distrain for all rent and all other sums then due hereunder. Lessee and any other person who may be occupying within the premises or any part thereof, and to remove all property therefrom without any order or other process of law and without liability for trespass or conversion, all of which is hereby expressly waived by the Lessee, and to enforce any other lawful remedy available to the Lessor, and to release all errors that may occur or intervene in such proceedings, including the issuance of execution upon any such judgment, and to stipulate for an appeal bond in any such proceeding or in any action brought to collect any such judgment, and to prosecute any such proceeding, action or appeal to completion. The Lessee hereby constitutes and appoints any attorney of any court of record as the Lessee's attorney of record, in the name, place and stead of the Lessee, to appear for and on behalf of the Lessee in any court of record at any time in any suit or suits brought against the Lessee for the enforcement of any right hereunder by the Lessor, to waive the issuance and service of process and trial by jury, and, from time to time, to confess judgment or judgments in favor of the Lessor and against the Lessee for any rent and interest thereon due hereunder by the Lessee to the Lessor and for costs of suit and for a reasonable attorney's fee for the Lessor, and to release all errors that may occur or intervene in such proceedings, including the issuance of execution upon any such judgment, and to stipulate for an appeal bond in any such proceeding or in any action brought to collect any such judgment, and to prosecute any such proceeding, action or appeal to completion, and to consent that execution on any judgment or decree in favor of the Lessor and against the Lessee may issue immediately.

(e) Any and all property which may be removed from the premises by the Lessor pursuant to the authority of the lease or of law, to which the Lessee is or may be entitled, may be handled, removed or stored by the Lessor at the risk, cost and expense of the Lessee, and the Lessor shall in no event be responsible for the value, preservation or safekeeping thereof. The Lessee shall pay to the Lessor, upon demand, any and all expenses incurred in such removal and all storage charges against such property so long as the same shall be in the Lessor's possession or under the Lessor's control. Any such property of the Lessee not retaken from storage by the Lessee within thirty days after removal from the premises shall, at the Lessor's option, be conclusively presumed to have been conveyed by the Lessee to the Lessor under this lease as a bill of sale without further payment or credit by the Lessor to the Lessee.

(f) The Lessee shall pay upon demand all the Lessor's costs, charges and expenses, including the fees of counsel, agents and others retained by the Lessor, incurred in connection with any dispute, litigation or transaction in which the Lessor may be involved or concerned, without the Lessor's fault, to become involved or concerned.

16. Subordination of Lease: The rights of the Lessee under this lease shall be and are subject and subordinate at all times to the lien of any mortgage or mortgages now or hereafter in force against the Building or the underlying leasehold estate, if any, and to all advances made or hereafter to be made upon the security thereof, and the Lessee shall execute such further instruments subordinating this lease to the lien or liens of any such mortgage as shall be requested by the Lessor.

17. Notices: In any instance where it shall be necessary or desirable for the Lessor to serve any notice or demand upon the Lessee, it shall be sufficient (a) to deliver or cause to be delivered to the Lessee a written or printed copy thereof, or (b) to send a written or printed copy thereof by registered mail, postage prepaid, addressed to the Lessee at the demised premises, in which event the notice or demand shall be deemed to have been served at the time the copy is delivered, or (c) to leave a written or printed copy thereof at the demised premises addressed to the Lessee or any occupant of the demised premises or to affix the same upon any door leading into the demised premises, in which event the notice or demand shall be deemed to have been served at the time the same was so left or affixed. Any notice or demand may be signed by or on behalf of the Lessor.

18. Miscellaneous: (a) The payment of money by the Lessor from the Lessee after the termination of this lease or after the service of any notice or after the commencement of any suit, or after final judgment for possession of the premises shall not reinstate, continue or extend the term of this lease or affect any such notice, demand or suit.

(b) No waiver of any default of the Lessee hereunder shall be implied from any omission by the Lessor to take any action on account of such default if such default persists or be repeated, and no express waiver shall affect any default other than the default specified in the express waiver and that only for the time and to the extent therein stated. The invalidity or unenforceability of any provision hereof shall not affect or impair any other provisions.

(c) In the absence of fraud, no person, firm or corporation, or the heirs, legal representatives, successors and assigns, respectively, thereof, executing this lease as agent, attorney or in any other capacity shall be or become personally liable hereunder for any reason or cause whatsoever.

(d) The words "Lessor" and "Lessee" wherever used in this lease shall be construed to mean Lessors or Lessee in all cases where there is more than one lessor or lessee, and the necessary grammatical changes required to make the provisions hereof apply either to corporations or individuals or men or women, shall in all cases be assumed as though in each case fully expressed.

(e) Provisions inserted herein or affixed hereto shall not be valid unless appearing in the duplicate original hereof held by the Lessor. In event of variation or discrepancy, the Lessor's duplicate shall control.

(f) Each provision hereof shall extend to and shall, as the case may require, bind and inure to the benefit of the Lessor and the Lessee and their respective heirs, legal representatives and successors, and each one in the event this lease has been assigned with the advance, written consent of the Lessor.

(g) Submission of this instrument for examination or signature by the Lessee does not constitute a reservation of or option for the premises. The instrument becomes effective as a lease upon execution and delivery by both Lessor and Lessee.

(h) The headings of sections are for convenience only and do not limit or construe the contents of the sections.

(i) All amounts (other than the Rent) owed by the Lessee to the Lessor hereunder shall be paid within ten days from the date the Lessor renders statements of account therefor and shall bear interest at the rate of 7% per annum thereafter until paid.

(j) Provisions typed on the back of the lease and signed by the Lessor and the Lessee and all riders attached to this lease are signed by the Lessor and the Lessee are hereby made a part of this lease as though inserted at length in this lease.

(k) If the Lessee shall occupy the premises prior to the beginning of the term of this lease with the Lessor's consent, all the provisions of this lease shall be in full force and effect as soon as the Lessee occupies the premises. Rent for any period prior to the beginning of the term of this lease shall be fixed by agreement between the Lessor and Lessee.

(5) The Village shall pay to the City all charges for water furnished hereunder to supply consumers located outside the corporate limits of the Village, when due, at the rate of fifty per cent (50%) higher than the metered rate per thousand cubic feet of water fixed by the ordinance of the City of Chicago now in force and effect, or which may hereinafter be amended for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

The control valves shall be located within the City and such meters, meter equipment, meter vaults and valves shall at all times be under the control of the City, but the full and complete maintenance and protection of such meters, meter equipment and meter vaults shall be the obligation of the Village.

(10) The properly authorized officers, agents and representatives of the City shall at all times have free access to the meter or meters and all other facilities herein provided for, for the purpose of shutting off the water for failure to pay the water rates or charges in this agreement provided to be paid by the Village and for the purpose of reading the registrations of said meter or meters, and to examine, shut off and test the same to ascertain whether or not they are in good condition and repair and to make such repairs upon the same as may be necessary, the cost and expense

of any and all necessary repairs to be borne by the Village.

(11) If at any time the said meter or meters shall fail to register correctly the quantity of water furnished and taken hereunder, or shall fail to register the flow of water through said meter or meters, the unregistered, under-registered, or over-registered amount of water furnished and taken shall be determined by taking an average of the twelve (12) preceding readings of such meter or meters exclusive of deficient or excessive readings. Where said meter or meters have been installed for a period of less than one (1) year, or where less than twelve (12) competent readings exist, such average or estimate may be based upon a lesser number than twelve (12) readings taken preceding or subsequent to such incorrect or stopped registrations. In both instances, the Commissioner of Water and Sewers of the City shall determine which are excessive or which are deficient readings and shall also determine the number of months upon which such estimate is to be based.

Terms and Conditions of Service

(12) The Village at its own cost and expense, shall provide make and keep in repair all feeder mains, connections, meter vaults, receiving tank or tanks, booster or other pumps and slow-acting valves, or other appliances deemed necessary by the Commissioner of Water and Sewers of the City at the point of connection herein designated. If at any time the meter or meters or meter housing, which are also to be provided by the Village shall prove unsatisfactory to said Commissioner of Water and Sewers, or be out of repair, they shall be replaced or repaired by the City, and the cost and expense of such replacements or repairs shall be charged to and paid by the Village.

(13) The Village shall provide, install, maintain and operate at its own cost and expense and at such locations as shall be designated by the Commissioner of Water and Sewers of the City, the following:

A shut-off gate or gates, reservoir or reservoirs of sufficient capacity to store not less than the maximum day's supply of water; receiving tank or tanks, booster or other pumps, slow-acting valves and such other appliances or devices as may be required by said Commissioner of water and Sewers for the purpose of increasing, decreasing, and otherwise controlling the water supply furnished and taken hereunder, said equipment and appliances to be of such type, size and design as shall be satisfactory to and approved by said Commissioner of Water and Sewers, and the entire installation thereof shall be under the direction of and performed in a manner satisfactory to and approved by said Commissioner of Water and Sewers. The Village agrees to maintain and operate said reservoir or reservoirs of such capacity that water will be drawn from the City's mains at a substantial uniform rate of flow, as hereinafter provided during the period of this contract.

(14) The water supply furnished and taken hereunder shall be drawn by the Village at a substantial uniform rate of flow throughout twenty-four (24) hours of each day of the year.

It is hereby agreed that the Commissioner of Water and Sewers of the City and his authorized representatives shall have access to and the right to adjust and control valves and meters in order to limit the flow of water as herein provided and for the purpose of meeting any and all emergencies and necessitous requirements.

(15) The Village agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City applicable to cross-connections and dual water supplies as are in force in the Chicago Water System. The Village further agrees that the duly authorized engineers and inspectors of the City, in collaboration with the representatives of the Village shall be allowed to make inspections and require tests for tightness of the piping of the water works installations, and of all plants or other buildings of water users within the territorial limits of the Village and the Village further agrees to make such changes in its piping and to eliminate such cross-connections or other connections as in the judgment of the Commissioner of Water and Sewers of the City are necessary. The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping, to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

(16) The Village agrees to prevent excessive use and waste of water.

(17) The Village agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. The Village further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(18) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

(19) In order to safeguard its water supply received hereunder and the City's water supply, the Village hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality by the City.

(20) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner, that the Commissioner of Water and Sewers of the City shall see fit.

(21) The Village agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly

authorized Engineers and Inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Village's distribution system.

(22) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the territorial limits of the Village, except if and when it should be specifically authorized so to do by the City Council of the City.

(23) The Village agrees to use City water exclusively during the period of this contract.

(24) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of the Village without first securing the consent in writing of the City Council of the City so to do.

(25) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City, a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(26) At the end of each billing period, but at least quarterly, the Village agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of the Village located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

(27) To secure prompt payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(28) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Village agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also keep and save harmless the City from all damage of any kind, nature, and description which may arise as the result of the making of this agreement.

(29) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(30) In furtherance and not in limitation of this contract it is mutually agreed that all rights of the City of Chicago and the Village of Forest Park under the water supply contract No. 18198 dated June 11th, 1956 between the City of Chicago and the Village of Forest Park which expired June 11th, 1966 and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain payment for, or to enforce collection of any unpaid charges accruing prior to the date of execution of this agreement.

(31) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the ordinances of the City, or if the Village shall fail to comply with or perform any of the conditions or obligations on its part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Village Hall of the Village of Forest Park, addressed to the Mayor and Commissioners of the Village, a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the Village shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Village from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(32) No assignment or transfer of this agreement shall be made by the Village.

(33) The Village hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(34) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(35) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, distribute or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan to any municipality or user residing outside of the limits of the City of Chicago.

(36) The authority of the officials of the City to execute this agreement is evidenced by the authority of the City Council of the City of Chicago given on the ..... day of..... A.D. 19..... and published in the Journal of Proceedings of the City Council for said date on pages .... thereof.

(37) The authority of the officials of the Village of Forest Park, Illinois, to execute this agreement is evidenced by the resolution passed by the Mayor and Commissioners of the Village of Forest Park, Illinois, at a regular meeting of said Mayor and Commissioners duly held on the ..... day of ..... Salutation Expressed on Twenty-Fifth Anniversary of First Controlled Release of Nuclear Energy.

A proposed resolution reading as follows:

Whereas, December 2, 1967 was the twenty-fifth anniversary of man's first controlled release of nuclear energy, the outstanding achievement of the twentieth century. In its impact on the future and its significance for social change, it was almost unequalled. In man's history, it was one of the few single events which have materially altered the course of civilization. It took place at 5635 South Ellis Avenue, Chicago, in a building of the University of Chicago, under the scientific leadership of Enrico Fermi and through the cooperative work of an enormous international team.

Now, Therefore, Be It Resolved by the City Council of Chicago, That the City of Chicago notes with solemnity the twenty-fifth anniversary of the first controlled release of nuclear energy; salutes with pride the work of all the men and women who brought about the 1942 event; and expresses the hope of a great city that the continuing knowledge and development first made possible in 1942 will bring peace and happiness to mankind.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Tribute Paid to Late Wayne Andrew Johnston.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God in His Infinite Wisdom, has called to his eternal reward, Wayne Andrew Johnston, railway executive and civic leader, on December 5, 1967; and

WHEREAS, Mr. Johnston retired less than a fortnight ago as the Chairman of the Illinois Central Railroad and of Illinois Central Industries, Incorporated, having served nearly 50 years with the Railroad. Promotions through the ranks were rapid; after acting in various capacities for over 25 years in the accounting, traffic and operating departments; first, in Champaign, later in Paducah, Kentucky, and finally in Chicago, he became General Manager of the Illinois Central Railroad in 1944, its President in 1945 at the age of 47 years, one of the youngest railroad chief executives in history, and Chairman of its Executive Committee in 1959. In 1963, when Illinois Central Industries, Inc., was established, he became its President and, in 1966, Chairman of the Board of both corporations, remaining director of both upon retirement. A practical man of action, with a firm belief that a railroad could not be run from a desk, he knew from riding the rails, hiking and motoring along their rights-of-way, every foot of the 6,500 miles of trackage that takes the Illinois Central trains through 2,200 communities, across 14 States. His capacity and dedication in resolving financial and technical problems were instrumental in bringing the Railroad through difficult periods; and

WHEREAS, Wayne Johnston was born November 19, 1897, at Urbana. After the death of his father, a farmer and grain buyer, his mother moved with her three small sons to her farm at Philo, Illinois, near Champaign. He attended grade school in Philo, and high school in Champaign; worked his way through the University of Illinois, where he majored in Railroad Business Administration and for two years was Student Assistant to the Dean of Men, receiving a Bachelor Degree in 1919. In 1922 he married the former Blanche Lawson, coworker in the accounting department, who, with three sisters and her father, an I. C. locomotive engineer, were associated with the Railroad. Their marriage of 43 years ended with her death, in 1965. He is survived by his son, Wayne A. Johnston, Jr., Assistant Vice-President-Passenger Operations of the Illinois Central, and his daughter, Mrs. Bette Jane Boothly, whose husband, Bryce C., is an executive Assistant to the President of the Illinois Central, and seven grandchildren; and

Tribute Paid to Late Major Robert H. Lawrence, Jr.

Mayor Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God in His Infinite Wisdom, has called from our midst Major Robert H. Lawrence Jr., of Chicago, the Nation's first Negro astronaut; and

WHEREAS, Major Lawrence's tragic death occurred December 8, 1967 while he was piloting a F-104 Starfighter jet when it crashed on the runway at Edwards Air Force Base, near Los Angeles, California. Major Lawrence had been named on June 30, 1967 by the Air Force as one of four Air Force pilots selected from 500 Air Force, Navy and Marine officers, who were to join twelve other astronauts already in the Manned Orbiting Laboratory Program, a project to evaluate the role of the military man in space. Since September, 1967, he was being trained for a 30-day space flight aboard a manned orbital laboratory, scheduled for launching in 1970, when as a member of a two-man crew he would be launched into space inside a Gemini B spacecraft by a Titan III M booster. In orbit, they were to transfer into a laboratory through a hatch in the Gemini heat shield to conduct experiments for up to 30 days in a shirt sleeve environment. For return to earth, they would go back into the Gemini, detach it from the laboratory and re-enter the earth's atmosphere for an ocean landing and recovery. A year prior to his appointment he had been selected as one of 10 airmen to become students at the National Aeronautics and Space Administration's Aerospace Research Pilot School at Edwards Air Force Base, and had undergone intense training in the air and on the ground, including 1,500 hours of advanced piloting techniques in the latest supersonic aircraft, 600 hours of classroom work, and 400 hours of simulated space flights; and

WHEREAS, Major Robert Lawrence was born and reared on Chicago's Southside, first in an apartment at 23rd and South Dearborn Streets, where he attended Haines Elementary School, and later, in Englewood where he was an honor student during his four years at Englewood High School from which he graduated in 1952, 17th in his graduating class of 161. There he showed leadership qualities, being a member of the Executive Board of the Student Council, of the Student Awards Committee and of the Music Committee, and was a fire marshal. He won letters in baseball and cross country and an all-city cross country championship. He belonged to a number of high school social groups and organized a club. He was selected one of the ten most outstanding seniors in the City of Chicago. Having a serious view of life and a mature outlook, he noted his ambition in his high school yearbook. It was "to be useful to mankind"; and

WHEREAS, Major Lawrence attended Bradley University in Peoria, Illinois, graduating in 1956, with a Bachelor of Science degree in chemistry. He was a member of Bradley's R.O.T.C. program, and received his Air Force commission when he graduated. He immediately entered pilot training, earning his pilot's wings at Craig Air Force Base in Alabama. In 1957, he was assigned to duty in Germany, where he trained West German fliers. Returning to the United States in 1961, he enrolled at Ohio State University, earning his Ph.D. degree in physical chemistry. He was at Ohio State University when the Air Force sent him a letter informing him that he met the space program's requirements; and

WHEREAS, Major Lawrence was more than an outstanding symbol of personal dedication and sacrifice in the highest American tradition; he was a person who lived the code of duty, honor and country; now, therefore,

Be It Resolved, That the Mayor and Members of the City Council of the City of Chicago, on behalf of the people of the City of Chicago, hereby express the City's affection and sorrow for its own hero, joining in the Nation's grief for Major Robert H. Lawrence, Jr., and express their sincere sympathy to the members of his family in their bereavement; and

Be It Further Resolved, That a suitable copy of this memorial resolution be presented to the family of Major Robert H. Lawrence, Jr., as an expression of our sorrow.

The City Clerk transmitted the following communication from the Board of Education addressed to the Mayor and the City Council under date of December 5, 1967 (signed by M. Q. Collins, Secretary) which was together with a certified copy of report and the proposed ordinance transmitted therewith, *Referred to the Committee on Finance:*

"Written request of the Board of Education of the City of Chicago for the City Council of the City of Chicago to sell certain school property, title to which is held by the City of Chicago, In Trust for the Use of Schools.

GENTLEMEN—The Board of Education of the City of Chicago at its regular meeting held November 22, 1967, pursuant to a vote of not less than three-fourths of its full membership as appears by a report adopted by said Board of Education ordering said request to be made, hereby, in writing, requests that the City Council of the City of Chicago, sell in the manner provided by statute, the school property described as follows, to-wit:

A certified copy of such report is presented herewith."

Court Decision.

Also a communication from the Law Department, signed by Marvin E. Aspen, Head of Appeals and Review Division, advising the City Council that on November 30, 1967 the Illinois Appellate Court in a cause entitled *William Coursey v. Board of Fire and Police Commissioners of the Village of Skokie, Illinois, and Kenneth B. Chamberlain, Chief of Police of of the Village of Skokie Police Department, Illinois App. Ct. No. 50682,* rendered an opinion affirming a judgment of the Circuit Court of Cook County which had affirmed the decision of the Board of Fire and Police Commissioners of the Village of Skokie ordering the plaintiff discharged from the Skokie Police Department. The charges against the plaintiff included refusing to obey an order of the Chief of Police to take a polygraph examination; the Board discharged the plaintiff. On administrative review, the Circuit Court of Cook County upheld the discharge. Orlando W. Wilson, then Superintendent of Police of the City of Chicago, intervened in the Appellate Court proceedings as Amicus Curiae. The Appellate Court in affirming the judgment of the Circuit Court adopted the contentions of Superintendent Wilson, stating "The Chief of Police did not exceed his authority in ordering plaintiff Coursey to take the examination and his authority was not arbitrarily exercised; as a private individual Coursey did not have to submit to the examination but as a policeman, he did not have the privilege of refusing; having refused, he forfeited any right he had to be retained on the police force because his refusal was in conflict with his obligation as a policeman to obey the order of his commanding officer. His refusal impeded the investigation of a serious charge affecting the whole police department as well as himself. To sustain his action would be to vitiate the systematic authority and discipline upon which proper enforcement of the law is dependent.

* * * The decision to remove Coursey from the force was not capricious; it was reasonably related to his misconduct, to the discipline and efficiency of the department and to the maintenance of public confidence in the department.". This is an important opinion in that it upholds the right of the Superintendent of Police to discharge a police officer who refuses to obey an order to cooperate by submitting to a polygraph examination.—*Placed on File.*

AMENDMENT MADE IN ESTIMATE NO. 1 FOR CORPORATE PURPOSES FUND FOR 1968 NECESSITATED BY INCREASE IN MESSAGE TAX RATE.

Alderman Keane presented the following communication from Arthur G. Lindell, Budget Director, under date of December 12, 1967, addressed to the President and Members of the City Council:

"To the President and Members of the City Council:

The passage of the ordinance increasing the rate of taxation imposed upon persons engaged in the business of transmitting messages by means of electricity from 2% to 5% requires an adjustment in the balance sheet of the Corporate Purposes Fund for 1968.

The estimated additional revenue expected to be produced by this ordinance is $8,600,000. The total other revenue is thereby increased from $149,895,079 to $158,495,079. The proposed tax levy is decreased from $147,332,000 to $138,-782,000. The total for the Corporate Purposes Fund is reduced from $306,430,890 to $305,794,321.

The amendment is attached."

Alderman Keane then presented the following amendment:
